CMS Seeks Informal Public Comment

To solicit feedback on the potential impact of transitioning from the ICD-9 Clinical Modification/ Procedure Coding System (ICD-9/PCS) to ICD-10/PCS on CMS' Hospital Inpatient Quality Measures, CMS is hosting an informal public comment period on the crosswalks of ICD-9 to ICD-10 codes used for these measures. This ensures that the Centers for Medicare & Medicaid Services (CMS) measure specifications continue to be of the highest caliber possible by utilizing a transparent process with input from relevant stakeholders. CMS will accept informal public comments until August 31, 2013 at 5 p.m. EDT.

This document contains the current ICD-9/PCS codes used in the Specifications Manual for National Hospital Outpatient Quality Measures *cross-walked* to the corresponding ICD-10 codes in table format. Specifically, we invite feedback on the relevancy and applicability of the ICD-10/PCS codes listed. Please submit comments via the email address listed below.

For all tables, submit comments to ICD10feedback@okgio.sdps.org.
