

Inpatient Rehabilitation Facility (IRF) FY 2016 Reconsideration Information

FY 2016 Payment Determination Quality Reporting Measures

The three quality measures required for Fiscal Year (FY) 2016 payment determination are listed below.

NQF #0678: Percent of Residents or Patients with Pressure Ulcers That Are New or Worsened (Short-Stay)

NQF #0138: National Healthcare Safety Network (NHSN) Catheter-Associated Urinary Tract Infection (CAUTI) Outcome Measure

NQF #0431: Influenza Vaccination Coverage among Healthcare Personnel

FY 2016 Data Collection Reporting Periods

NQF #0678: January 1, 2014, through September 30, 2014

NQF #0138: January 1, 2014, through December 31, 2014

NQF #0431: October 1, 2014, through March 31, 2015

FY 2016 Final Submission Deadlines

NQF #0678: February 15, 2015

NQF #0138: May 15, 2015

NQF #0431: May 15, 2015

Instructions for IRF Users to View Their Submitted Data on CASPER

Login to CASPER to access a copy of submitted data:

Login to the Quality Improvement and Evaluation System (QIES) Certification and Survey Provider Enhanced Reports (CASPER) reporting application.

On the CASPER Home Page, select the **[Reports]** button.

Figure 2 Welcome to CASPER, [Reports] button

From the CASPER Reports screen, select the “Facility Final Validation” link in the right-side panel.

To access data for NQF #0678: Select the report time period: 01/01/14, through 09/30/14.

Instructions for IRF Users to View Their Submitted Data on NHSN

To access a copy of the data submitted for NQF #0138 National Healthcare Safety Network (NHSN) Catheter-Associated Urinary Tract Infection (CAUTI) Outcome Measure and NQF #0431 Influenza Vaccination Coverage among Healthcare Personnel measure:

Login to the Centers for Disease Control and Prevention (CDC) National Healthcare Safety Network (NHSN) using the following link: <http://www.cdc.gov/nhsn/login.html>.

Note: To ensure all recently entered data are incorporated, generate new data sets from the Analysis, “Generate Data Sets” link. On the Generate Data Sets screen, select the **[Generate New]** button. You will be asked to confirm that existing data sets will be overwritten. Select **[OK]**. When the data set generation process is complete, the “Date Last Generated” field will update.

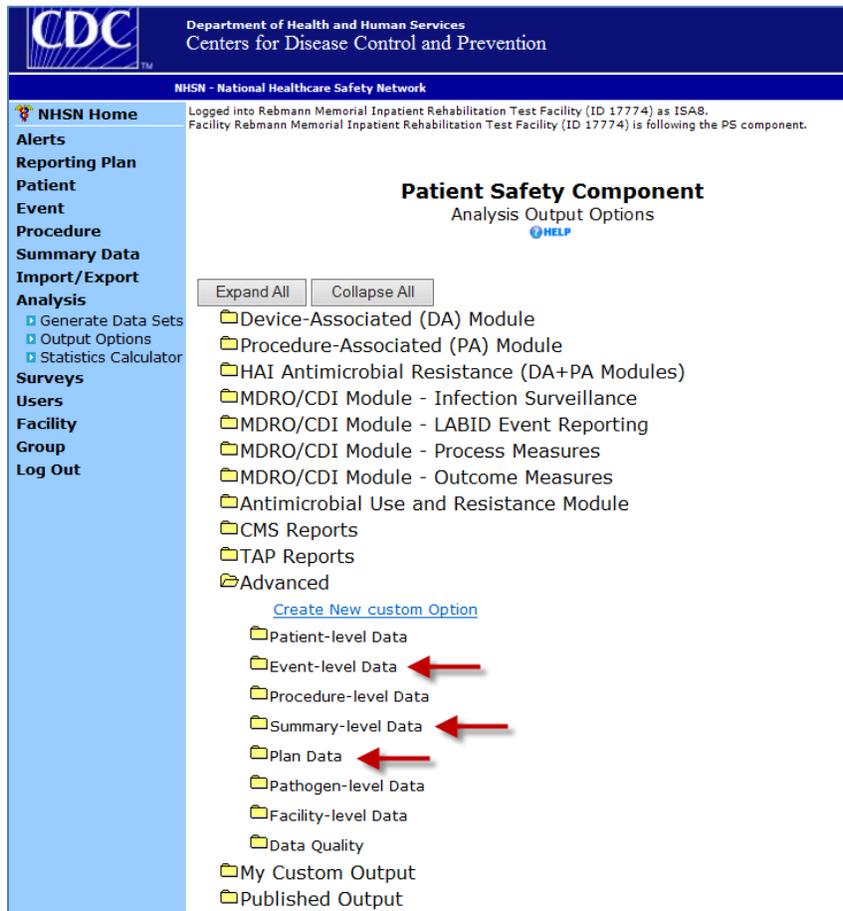

Once the data sets are generated, you are ready to view your report. Reports are referred to as “Output Options” and are organized in a tree view to guide you toward the data you want. To access the Output Options screen, navigate using the menu pane to Analysis, Output Options.

To access data for NQF #0138:

Login to the NHSN Patient Safety Component, navigate using the menu pane to Analysis, Output Options, Advanced and open the Advanced output options folder. Three separate reports are available from the Advance output options folder: monthly reporting plan data, event data, and summary data. You can modify these reports in order to select the applicable time period to show when the data were first reported to NHSN. Use the document “How to see Create & Modify Dates - IRF CAUTI and LabID” to obtain specific guidance on how to run these reports (direct link):

<http://www.cdc.gov/nhsn/PDFs/analysis/How2cCreate-Modify-Dates-IRF-CAUTI-LabID.pdf>.

To access data for NQF #0431:

Login to the NHSN Healthcare Personnel Safety Component, navigate using the menu pane to Analysis, Output Options, HCW Vaccination Module for the appropriate output. Facilities enrolled in NHSN as free-standing rehabilitation facilities should use the reports found in the Influenza folder. Facilities enrolled in NHSN as a location within an affiliated acute care or critical access hospital should use the reports found in the IRF Influenza folder. Use the document "How to see Create & Modify Dates – Healthcare Personnel Influenza Vaccination" to obtain specific guidance on how to run these reports (direct link): <http://www.cdc.gov/nhsn/PDFs/analysis/How2cCreate-Modify-Dates-HPS-Flu-Vacc.pdf>.
