## **LTCH QRP Data Submission Extension**

CMS has made the decision to extend the NHSN data submission deadline for LTCH providers until February 15, 2016, for Calendar Year 2015 Quarters 1, 2, & 3 for FY2017 payment determination. Facilities are encouraged to review their Q1, Q2, and Q3 data within NHSN to ensure completeness. Facilities may add or update data from 2015 Q1, Q2, and Q3 within NHSN until the February 15, 2016 submission deadline. This extension also applies to the submission deadlines for assessment data for the quality reporting program. The revised deadlines can be reviewed on the [LTCH Quality Reporting Data Submission Deadlines](#) page.

As a reminder, it is recommended that providers run the applicable CMS output reports within their facility prior to each quarterly reporting deadline. Detailed guidance on how to run and interpret these reports as well as a checklist used to ensure complete reporting into NHSN can be found at:

<http://www.cdc.gov/nhsn/cms/index.html>. Once the reporting deadlines have passed, providers should run the advanced analysis reports within NHSN to view when each data element was first entered and last modified to determine whether all data were complete at the time of the reporting deadline. Detailed guidance on how to run and interpret these reports can be found here:
