

CHAPTER 1: INTRODUCTION TO THE CMS LONG-TERM CARE HOSPITAL QUALITY REPORTING PROGRAM MANUAL

1.1 Purpose and Content of the LTCH Quality Reporting Program Manual

The purpose of this Centers for Medicare & Medicaid Services (CMS) Long-Term Care Hospital (LTCH) Quality Reporting Program (QRP) Manual is to offer continuing guidance to LTCHs regarding the collection, submission, and reporting of quality data to CMS for compliance with the LTCH QRP, which was first implemented in Section VII.C. of the Fiscal Year (FY) 2012 IPPS/LTCH PPS final rule (76 FR 51743 through 51756, and 51780 through 51781)¹ pursuant to Section 3004(a) of the Patient Protection and Affordable Care Act of 2010.²

The CMS LTCH QRP Manual provides guidance to LTCHs on the following:

- (1) Use of the LTCH Continuity Assessment Record and Evaluation (CARE) Data Set to collect, submit, and report quality data for the following:
 - Percent of Residents or Patients Who Were Assessed and Appropriately Given the Seasonal Influenza Vaccine (Short Stay) (NQF #0680)
 - Application of Percent of Residents Experiencing One or More Falls with Major Injury (Long Stay) (NQF #0674)
 - Application of the Percent of Long-Term Care Hospital Patients with an Admission and Discharge Functional Assessment and a Care Plan That Addresses Function (NQF #2631)
 - Percent of Long-Term Care Hospital Patients with an Admission and Discharge Functional Assessment and a Care Plan That Addresses Function (NQF #2631)
 - Functional Outcome Measure: Change in Mobility Among Long-Term Care Hospital Patients Requiring Ventilator Support (NQF #2632)
 - Drug Regimen Review Conducted With Follow-Up for Identified Issues-Post Acute Care (PAC) Long-Term Care Hospital (LTCH) Quality Reporting Program (QRP)
 - Changes in Skin Integrity Post-Acute Care: Pressure Ulcer/Injury

- Compliance with Spontaneous Breathing Trial (SBT) by Day 2 of the LTCH Stay
- Ventilator Liberation Rate

The items on the LTCH CARE Data Set that are necessary to calculate the quality measures and the items that are specified as standardized patient assessment data elements can be found in **Appendix D** of this LTCH QRP Manual.

- (2) Overview of the process for LTCHs' enrollment in the Centers for Disease Control and Prevention (CDC) National Healthcare Safety Network (NHSN) <https://www.cdc.gov/nhsn/enrollment/index.html>) to report data for the following:
 - National Healthcare Safety Network (NHSN) Catheter-Associated Urinary Tract Infection (CAUTI) Outcome Measure (NQF #0138)
 - National Healthcare Safety Network (NHSN) Central Line-Associated Blood Stream Infection (CLABSI) Outcome Measure (NQF #0139)
 - Influenza Vaccination Coverage Among Healthcare Personnel (NQF #0431)
 - National Healthcare Safety Network (NHSN) Facility-Wide Inpatient Hospital-Onset Methicillin-Resistant *Staphylococcus aureus* (MRSA) Bacteremia Outcome Measure (NQF #1716)
 - National Healthcare Safety Network (NHSN) Facility-Wide Inpatient Hospital-Onset *Clostridium difficile* Infection (CDI) Outcome Measure (NQF #1717)
 - National Healthcare Safety Network (NHSN) Ventilator-Associated Event (VAE) Outcome Measure (NQF N/A)

1.2 Statutory Authority

Section 3004(a) of the Affordable Care Act amended section 1886(m) of the Act by adding paragraph (5), requiring the Secretary to establish the LTCH QRP. This program applies to all hospitals certified by Medicare as LTCHs. Beginning with the FY 2014 LTCH QRP³, the Secretary is required to reduce any annual update to the LTCH PPS standard Federal rate for discharges occurring during such fiscal year by 2 percentage points for any LTCH that does not comply with the requirements established by the Secretary. Specifically, section 1886(m)(5) of the Act requires that beginning with the FY 2014 LTCH QRP, each LTCH submit data on quality measures specified by the Secretary in a form and manner, and at a time, specified by the Secretary. For more information on the statutory history of the LTCH QRP, we refer readers to the FY 2015 IPPS/LTCH PPS final rule (79 FR 50286).

The Improving Medicare Post-Acute Care Transformation Act of 2014 (IMPACT Act) (Pub. L. 113-185) amended Title XVIII of the Act, in part, by adding a new section 1899B of the Act that requires the Secretary to establish new data reporting requirements for certain post-acute care

³ When we use the term "FY [year] LTCH QRP", we are referring to the fiscal year for which the LTCH QRP requirements applicable to that fiscal year must be met for an LTCH to receive the full annual update when calculating the payment rates applicable to it for that fiscal year.

(PAC) providers, including LTCHs. Specifically, sections 1899B(a)(1)(A)(ii) and (iii) of the Act require LTCHs, inpatient rehabilitation facilities (IRFs), skilled nursing facilities (SNFs), and home health agencies (HHAs), under the provider-type’s respective quality reporting program (which, for LTCHs, is found at section 1886(m)(5) of the Act), to report data on quality measures specified under section 1899B(c)(1), with respect to at least five domains, and data on resource use and other measures specified under section 1899B(d)(1) of the Act with respect to at least three domains. Section 1899B(a)(1)(A)(i) of the Act further requires each of these PAC provider-types to report under its respective quality reporting program standardized patient assessment data in accordance with subsection (b) for at least the quality measures specified under subsection (c)(1) and that is with respect to five specific categories: functional status; cognitive function and mental status; special services, treatments, and interventions; medical conditions and co-morbidities; and impairments. Section 1899B(a)(1)(B) requires that all of the data that must be reported in accordance with section 1899B(a)(1)(A) of the Act be standardized and interoperable to allow for the exchange of the information among PAC providers and other providers and the use of such data in order to enable access to longitudinal information and to facilitate coordinated care. We refer readers to the FY 2016 IPPS/LTCH PPS final rule (80 FR 49723 through 49724) for additional information on the IMPACT Act and its applicability to LTCHs.
