

# MACRA EPISODE-BASED COST MEASURES CLINICAL SUBCOMMITTEE COMPOSITION (MEMBERSHIP) LIST

## **Project Title:**

MACRA Episode-Based Cost Measures - Call for Clinical Subcommittee

## **Dates:**

May – September 2019

## **Project Overview:**

The Centers for Medicare & Medicaid Services (CMS) has contracted with Acumen, LLC to develop care episode and patient condition groups for use in cost measures to meet the requirements of the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA). The contract name is “MACRA Episode Groups and Cost Measures.” The contract number is HHSM-500-2013-13002I, Task Order HHSM-500-T00002. As part of the development and maintenance processes, Acumen, LLC convenes groups of stakeholders and experts who contribute direction and thoughtful input during development of episode-based cost measures.

The project’s overall objective is to develop episode-based cost measures suitable for potential use in the Quality Payment Program. For more details about the project background, including development activities undertaken in previous years, please see [this MACRA cost measure development approach summary](#) on the [MACRA Feedback Page](#).

Acumen’s measure development approach includes convening clinician expert panels called Clinical Subcommittees (CS) focused on particular clinical areas in cycles of development (“waves”). The four CS convened in Wave 3 beginning in 2019 are: Chronic Condition and Disease Management, Dermatologic Disease Management, Hospital Medicine, and General and Colorectal Surgery. Future CS under this project will be convened through separate nomination periods.

Please note that the Clinical Subcommittees provide clinical expertise for the MACRA Episode-Based Cost Measure Project. Clinical Subcommittee members may have experience in areas other than their listed primary clinical specialty. The following individuals were selected and have agreed to serve as the Clinical Subcommittee members for this project.
