Project Overview:

The Centers for Medicare & Medicaid Services (CMS) has contracted with Mathematica Policy Research and its partners to develop, electronically specify, and maintain process and structural clinical quality measures for five CMS hospital quality programs: Hospital Inpatient Quality Reporting Program, Hospital Outpatient Quality Reporting Program, Ambulatory Surgical Center Quality Reporting Program, PPS-Exempt Cancer Hospital Quality Reporting Program, and the Electronic Health Record (EHR) Incentive Program for Eligible Hospitals. The contract name is Hospital Inpatient and Outpatient Process and Structural Measure Development and Maintenance (Hospital-MDM). The contract number is HHSM-500-2013-130111/HHSM-500-T0003. As part of its measure development process, CMS asks contractors to convene groups of stakeholders and experts who contribute direction and thoughtful input to the measure contractor during measure development and maintenance. The following individuals were selected and have agreed to serve as the Technical Expert Panel for this project:
