

# 17 TECHNICAL EXPERT PANEL COMPOSITION (MEMBERSHIP) LIST TEMPLATE

**Project Title:** Measuring Outcomes in Orthopedics Routinely (MOOR)

**Dates:** 9/14/2018-9/13/2021

The duration of the measure development project is for a total of three years, from September 14, 2018 until September 13, 2021. Project year one is 9/14/18-9/13/19; year two is 9/14/19-9/13/20; and year three is 9/14/20-9/13/21. The TEP will convene at least four times per year for the duration of the project. One in-person meeting will be held each project year, and up to three virtual conferences of one to two hours may also be held through webinar and teleconference capability during each year of the term of service.

TEP members convened in person for an initial TEP meeting in Boston, Massachusetts on 4/25/19. The meeting lasted one full day.

## Project Overview:

The Centers for Medicare & Medicaid Services (CMS) has provided funding to Brigham and Women's Hospital (BWH) to develop and refine electronic clinical quality measures (eQMs) in the areas of orthopedic surgery outcomes and medication safety, and to develop and refine a Patient Reported Outcome Performance Measure (PRO-PM) related to orthopedic surgery clinical care.. The cooperative agreement name is Measuring Outcomes in Orthopedics Routinely (MOOR). The cooperative agreement number is 1V1CMS331637-01-00. As part of its measure development process, Brigham and Women's Hospital convenes groups of stakeholders and experts who contribute direction and thoughtful input to the measure developer during measure development and maintenance.

These individuals were selected and have agreed to serve as the TEP for this project.
