

**2013 Physician Quality Reporting System (PQRS) and
Electronic Prescribing (eRx) Incentive Programs Participating Registry Vendors**

CMS is pleased to announce the participating 2013 Registry Vendors able to report quality data to CMS, on behalf of eligible professionals, for the 2013 Physician Quality Reporting System program year. The 2013 Registry Vendors are allowed to submit PQRS data on behalf of individual eligible professionals (EPs) and Group Practice Reporting Option (GPRO) group practices. These vendors have indicated that they possess the requirements outlined by CMS for data submission. Some of the 2013 Registry Vendors are also able to submit Electronic Prescribing (eRx) Incentive Program data on behalf of individual EPs and GPRO group practices.

Each of the 2013 Registry Vendors have provided detailed information regarding the services they offer, the cost incurred by their clients, as well as reporting and measure options supported. This information can be found in the table below.

EPs and GPRO group practices, wishing to participate in 2013 PQRS and/or the eRx Incentive Program through a Registry Vendor, may contact the vendors listed below for additional details.

Disclaimer: Each vendor has reviewed their organization's information below and provided confirmation of accuracy. Information included in this document was accurate at the time posting; however CMS cannot guarantee that these services will be available or that the vendor will be successful uploading their files during the submission period. CMS cannot guarantee an eligible professionals success in providing data for the program. Successful submission is contingent upon following the PQRS program requirements, the timeliness, quality, and accuracy of the eligible professionals data provided for reporting, and the timeliness, quality, and accuracy of the XML programming of the vendor.
