Quick Reference Guide for Accessing 2016 PQRS Feedback Reports

I. Introduction

In **September 2017**, the Centers for Medicare & Medicaid Services (CMS) made the 2016 Physician Quality Reporting System (PQRS) feedback reports available to all eligible report recipients through the CMS Enterprise Portal at <https://portal.cms.gov>.

PQRS is a quality reporting program that encourages individual eligible professionals (EPs), group practices, and ACOs (Accountable Care Organizations) participating via the group practice reporting option (GPRO), referred to as PQRS group practices, to report information on the quality of care to Medicare beneficiaries. PQRS gives participating EPs, PQRS group practices, and ACOs the opportunity to assess the quality of care they provide to their patients, which helps ensure that patients get the correct care at the right time.

By reporting on PQRS quality measures, individual EPs, PQRS group practices, and ACOs can also quantify how often they are meeting a particular quality metric. The program applies a downward payment adjustment to individual EPs, PQRS group practices, and ACOs who do not satisfactorily report data on quality measures for Medicare Part B Physician Fee Schedule (Medicare PFS) covered professional services in 2016. Those who report satisfactorily for the 2016 program year will avoid the 2018 PQRS downward payment adjustment.

There are two types of 2016 PQRS feedback reports available:

- **PQRS Payment Adjustment Feedback Report**

The PQRS Payment Adjustment Feedback Report provides payment adjustment information at the Medicare Taxpayer Identification Number (TIN) level, with individual-level reporting by National Provider Identifier (NPI), for each EP who reported quality measures data under the TIN for services furnished during the reporting period (January 1, 2016 - December 31, 2016).

- **PQRS Payment Adjustment Measure Performance Detail Report**

The PQRS Payment Adjustment Measure Performance Detail Report provides NPI-level performance information for an EP who reported applicable quality measures data during the reporting period (January 1, 2016- December 31, 2016).

For more information on PQRS or the payment adjustment, visit the PQRS webpage at:

<https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/index.html>.

A User Guide for the 2016 PQRS feedback reports is also available to assist individual EPs and PQRS group practices with understanding and interpreting the 2016 PQRS feedback reports. The User Guide is available on the PQRS Analysis and Payment webpage at <https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/AnalysisAndPayment.html>.

II. Getting Started

Authorized representatives of individual EPs and PQRS group practices can access the 2016 PQRS feedback reports at <https://portal.cms.gov> using an Enterprise Identity Management (EIDM) account with one of the following roles in the **Physician Quality and Value Programs** application:

For a group with 2 or more EPs (TIN with 2 or more NPIs that bill under the TIN):

- Security Official
- Group Representative

For an individual EP (TIN with only 1 NPI that bill under the TIN):

- Individual Practitioner
- Individual Practitioner Representative

Having an EIDM account with one of these roles will also allow you to access the Annual Quality and Resource Use Reports (QRURs).

Instructions for obtaining an EIDM account are available at:

<https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/Obtain-2013-QRUR.html>

- If a physician solo practitioner representative has an existing EIDM account, but not one of the individual-specific roles listed above, then ensure that the account is still active and add a role-specific Physician Quality and Value Programs role to the individual's existing EIDM account. To check if the EIDM account is still active, please contact the QualityNet Help Desk.
- If a group does not have an authorized representative with an EIDM account, then one person representing the group must sign up for an EIDM account with the Security Official role.
- If a group has a representative with an existing EIDM account, but not one of the group-specific roles listed above, then ensure that the account is still active and add a role-specific Physician Quality and Value Programs role to that person's existing EIDM account. To check if the EIDM account is still active, please contact the QualityNet Help Desk.

If you have questions about the 2016 PQRS feedback report or need assistance accessing any of the reports, please contact the QualityNet Help Desk by phone at 866-288-8912. Normal business hours are Monday-Friday from 8:00 a.m. to 8:00 p.m. Eastern Time.

The active cell is A1, containing the title '2018 PHYSICIAN QUALITY REPORTING SYSTEM (PQRS) PAYMENT ADJUSTMENT FEEDBACK REPORT FOR PROGRAM YEAR 2016'. The report content is truncated in the cell, with visible text including 'ABOUT THE 2018 PQRS PAYMENT ADJUSTMENT FEEDBACK REPORT', 'Under the Physician Quality Reporting System (PQRS), program year 2016 was the reporting period to determine subjectivity to the 2018 PQRS downward payment adjustment...', 'Eligible professionals (EPs) who were part of a Shared Savings Program (SSP) Accountable Care Organization (ACO) participant Tax Identification Number (TIN) during the Program Year (PY) 2015 may have reported quality data outside their ACO for the 2016 special secondary reporting period...', 'This report provides payment adjustment information at the Medicare TIN level, with individual-level reporting by National Provider Identifier (NPI), for each EP who reported quality measures data under the TIN for services furnished during the PY 2016 reporting period (January 1, 2016 - December 31, 2016).', 'Information on the criteria to avoid the 2018 PQRS payment adjustment can be found at https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/Payment-Adjustment-Information.html.', 'ABOUT ICD-10', 'CMS examined impact to quality measures and has determined that the International Classification of Diseases (ICD)-10-CM and ICD-10-PCS code updates will impact CMS's ability to process data reported on certain quality measures for the 4th quarter of CY 2016. Therefore, CMS will not apply the 2018 PQRS payment adjustments to any EP or group practice that failed to satisfactorily report for CY 2016 solely as a result of the impact of ICD-10 code updates on quality data reported for the 4th quarter of CY 2016. Information and frequently asked questions (FAQs) about the ICD-10-CM code updates that impact PQRS can be found at https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/ICD-10_Section.html.', 'Please Note: Payment Adjustment indicator will only reflect on this report and not on the "2018 PQRS Payment Adjustment Measure Performance Detail Report".', 'ABOUT POLICY CHANGE', 'Except for the Adjustment Summary section, the contents of this report are based on the PQRS policies set forth in current 42 CFR 414.90 (effective as of January 1, 2017). These policies apply to the 2016 program year for PQRS, which apply to...'. The bottom of the screenshot shows the Excel status bar with the text 'About This Report', 'Adjustment Summary', 'Individual Adjustment Detail-1', 'Individual Adjustment Detail-2', and 'Group Adjustme ...'.

VII. Troubleshooting Browser Settings

Steps	Screenshots
<u>Troubleshooting</u> If you are not using one of the supported browsers or are having trouble viewing the CMS Enterprise Portal using Internet Explorer 9: • Ensure the browser is open, • Press the Alt key to display the Menu bar (or right-click the Address bar and then select Menu bar). • Select Tools on the Menu bar. • Select Compatibility View Settings. • Remove the CMS Enterprise Portal web address if it appears in the Websites you've added to Compatibility View box. • Un-check all of the boxes below Websites you've added to Compatibility View. • Close the Compatibility View Settings box. • Close the current browser session. • Open a new browser session. • Go to https://portal.cms.gov and select Login to the CMS Enterprise Portal.	 The first screenshot shows the Internet Explorer 9 interface with the 'Tools' menu open. The 'Compatibility View settings' option is circled in red. The second screenshot shows the 'Compatibility View Settings' dialog box. Under the 'Websites you've added to Compatibility View' section, the URL 'https://portal.cms.gov' is listed, and a red 'Remove' button is next to it. Below this list, there are checkboxes for 'Display intranet sites in Compatibility View' and 'Use Microsoft compatibility lists', both of which are unchecked. At the bottom, there is a link to 'Learn more by reading the Internet Explorer privacy statement' and a 'Close' button.
