

### Qualified Maintenance of Certification Program Incentive Entities for 2013

CMS is pleased to announce that the following entities have become “qualified” for purposes of the 2013 Physician Quality Reporting System Maintenance of Certification Program Incentive. These entities either have participated in a vetting process to ensure that the Maintenance of Certification Program(s) they represent meet the requirements for participation in this incentive, or will use a previously qualified registry to submit data on their behalf. While the listed entities have been qualified, CMS cannot guarantee that any or all of the listed entities will be successful in providing the required information on behalf of their physicians.

Physicians who wish to participate in the 2013 Maintenance of Certification Program Incentive may contact the entities listed below for additional details on participation options.
