## Continuing Education Credit Information

### Continuing Education Credit

#### Accreditation Council for Continuing Medical Education (ACCME)

The Centers for Medicare & Medicaid Services (CMS) designates this **enduring activity** for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Credit for this course expires at midnight on January 10, 2018.

#### International Association for Continuing Education and Training (IACET)

The Centers for Medicare & Medicaid Services (CMS) is authorized by IACET to offer .1 Continuing Education Unit (CEU) for this activity. CEU will be awarded to participants who meet all criteria for successful completion of this educational activity. CEU credit for this course expires at midnight on January 10, 2018.

## Activity Information

### Activity Description

This Grand Rounds event presents how the Centers for Medicare & Medicaid Services (CMS) transforms the healthcare system to improve the quality of healthcare in the United States. Historically, the Fee-for-Service payment system has been characterized as producer-centered, unsustainable, having incentives for volume, and supporting fragmented care. As CMS moves toward value-based purchasing, Accountable Care Organizations, episode-based payments, medical/health homes, and quality/cost transparency, those characteristics based on the previous delivery system will change. The delivery system reform will result in a person-centered, sustainable system that supports coordinated care and has incentives for outcomes.

The January 2017 Grand Rounds event will be presented by CMS leadership and will identify multiple programs, models, and regulations that support CMS' delivery system reform as well as discuss examples of CMS' success in improving health care quality.

### Target Audience

This activity is designed for physicians and other health care professionals.

### Learning Objective

By the end of this presentation, participants should be able to identify multiple programs, models, and regulations that support Centers for Medicare & Medicaid Services' (CMS') delivery system reform as well as discuss examples of CMS' success in improving health care quality.

### Participation

Register for the webinar, participate in the webinar, and access and complete the assessment and evaluation.

## Speaker Bios & Disclosures

No one in a position to control the content of this activity has anything to disclose. The planners/developers of this activity have signed a disclosure statement indicating any relevant financial interests. This activity was developed without commercial support.

**Shari Ling, MD, presenter,** is the Deputy Chief Medical Officer (CMO) for the Centers for Medicare & Medicaid Services (CMS) and Medical Officer in the Centers for Clinical Standards and Quality (CCSQ). She assists the CMS CMO in the Agency's pursuit of higher quality health care, healthier populations, and lower cost through quality improvement. Dr. Ling served on the faculty of the Johns Hopkins School of Medicine for five years before joining the Intramural Research Program of the National Institutes of Health (NIH) at the National Institute on Aging (NIA) as a Staff Clinician, studying human aging and age-associated chronic diseases with attention to musculoskeletal conditions and mobility function for eight years. Dr. Ling is also a Gerontologist and served as the Clinical Services Co-Director of the Andrus Older Adult Counseling Center after receiving her training in Direct Service from the Leonard Davis School at the University of Southern California.

Dr. Ling earned a Doctor of Medicine degree at Georgetown University School of Medicine.

**Kate Goodrich, MD, presenter,** is the Director of the Center for Clinical Standards and Quality (CCSQ) and the Centers for Medicare & Medicaid Services (CMS) Chief Medical Officer. Dr. Goodrich has served as the Director of the Quality Measurement & Value-Based Incentives Group (QMVIG) (previously called the Quality Measurement and Health Assessment Group) since August 2012. In this role, she is responsible for the quality measurement and public reporting work, the Marketplace quality work portfolio, the value-based incentive programs, implementation of the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), and developing collaborations with other CMS components, HHS agencies, and external stakeholders. Dr. Goodrich has also been a champion of LEAN Six Sigma (LEAN) and helping to infuse the culture of LEAN throughout the group and the component.

Prior to her role in QMVIG, Dr. Goodrich served as the Senior Advisor to the Director of CCSQ and the CMS Chief Medical Officer. Prior to this position, she served as a Senior Medical Officer in the Office of the Assistant Secretary for Planning and Evaluation, where she managed a portfolio of work on comparative effectiveness research and quality measurement and improvement.

Dr. Goodrich earned a Doctor of Medicine degree at Louisiana State University.
