

Eligible Professional Clinical Quality Measures
Instructions for Reporting Numerators, Denominators & Exclusions

Each clinical quality measure includes specifications for the numerator, denominator and also indicates if there are any exclusions for the measure as described in the measure specifications. Each measure requires reporting one or more numerators and one or more denominators. Although the denominator population may not change for a measure, when there is more than 1 numerator, it is required to report the denominator each time. Conversely, when the denominator population is stratified but there is only 1 numerator in the measure, the numerator must be repeated for each subset of the denominator population. See attached table which depicts the number of numerators and denominators required for reporting. This table also identifies if exclusions may be reported and the field type required for each numerator, denominator and exclusion, if applicable.

The following measures require reporting more than one numerator (NQF Numbers 0064, 0027, 0421, 0024, 0033, 0036, 0038, 0075, 0004, and 0105). If a measure has more than one numerator, than all numerators must be reported and there must also be a denominator reported for each numerator (even if the denominator population remains the same for the measure). Therefore the number of numerators reported will always equal the number of denominators needed for reporting regardless of whether the denominator remains the same for a measure or it changes (e.g., denominator population is stratified by age) and results in more than one denominator for the measure.

| NQF Measure Number | Numerator(s) | Denominator(s) | Exclusions | Field Type |
|--------------------|--------------|----------------|-----------------------|------------|
| 0059 | 1 | 1 | May Report Exclusions | Numeric |
| 0064 | 2 | 2 | May Report Exclusions | Numeric |
| 0061 | 1 | 1 | May Report Exclusions | Numeric |
| 0081 | 1 | 1 | May Report Exclusions | Numeric |
| 0070 | 1 | 1 | May Report Exclusions | Numeric |
| 0041 | 1 | 1 | May Report Exclusions | Numeric |
| 0043 | 1 | 1 | No Exclusions | Numeric |
| 0031 | 1 | 1 | No Exclusions | Numeric |
| 0034 | 1 | 1 | May Report Exclusions | Numeric |
| 0067 | 1 | 1 | May Report Exclusions | Numeric |
| 0083 | 1 | 1 | May Report Exclusions | Numeric |
| 0086 | 1 | 1 | May Report Exclusions | Numeric |
| 0088 | 1 | 1 | May Report Exclusions | Numeric |
| 0089 | 1 | 1 | May Report Exclusions | Numeric |
| 0047 | 1 | 1 | May Report Exclusions | Numeric |

| NQF Measure Number | Numerator(s) | Denominator(s) | Exclusions | Field Type |
|--------------------|--------------|----------------|-----------------------|------------|
| 0001 | 1 | 1 | No Exclusions | Numeric |
| 0002 | 1 | 1 | No Exclusions | Numeric |
| 0387 | 1 | 1 | May Report Exclusions | Numeric |
| 0385 | 1 | 1 | May Report Exclusions | Numeric |
| 0389 | 1 | 1 | May Report Exclusions | Numeric |
| 0028A 0028B | A)1 B)1 | A)1 B)1 | No Exclusions | Numeric |
| 0027 | 2 | 2 | No Exclusions | Numeric |
| 0055 | 1 | 1 | May Report Exclusions | Numeric |
| 0062 | 1 | 1 | May Report Exclusions | Numeric |
| 0421 | 2 | 2 | May Report Exclusions | Numeric |
| 0056 | 1 | 1 | May Report Exclusions | Numeric |
| 0074 | 1 | 1 | May Report Exclusions | Numeric |
| 0084 | 1 | 1 | May Report Exclusions | Numeric |
| 0073 | 1 | 1 | No Exclusions | Numeric |
| 0068 | 1 | 1 | No Exclusions | Numeric |
| 0012 | 1 | 1 | May Report Exclusions | Numeric |
| 0013 | 1 | 1 | No Exclusions | Numeric |
| 0014 | 1 | 1 | May Report Exclusions | Numeric |
| 0018 | 1 | 1 | No Exclusions | Numeric |
| 0024 | 9 | 9 | No Exclusions | Numeric |
| 0032 | 1 | 1 | No Exclusions | Numeric |
| 0033 | 3 | 3 | May Report Exclusions | Numeric |
| 0036 | 3 | 3 | May Report Exclusions | Numeric |
| 0038 | 12 | 12 | None | Numeric |
| 0052 | 1 | 1 | No Exclusions | Numeric |
| 0075 | 2 | 2 | No Exclusions | Numeric |
| 0575 | 1 | 1 | May Report Exclusions | Numeric |
| 0004 | 6 | 6 | No Exclusions | Numeric |
| 0105 | 2 | 2 | No Exclusions | Numeric |
