Group Practice Information

If your group practice reported any of the listed measures, the performance score will be publicly reported on [Physician Compare](#) in late 2015.

Starting on October 5, 2015, all group practices with measure data will have a 30-day preview period to view their data as it will appear on Physician Compare. The secured measure preview will be facilitated through the PQRS portal—Provider Quality Information Portal (PQIP). For more information on previewing your group practice measures, visit the [Physician Compare Initiative page](#).

Group Practice Information

If your group practice did not report any of the listed measures, then you will not have measure data publicly reported on [Physician Compare](#) in late 2015. Physician Compare is expanding public reporting of quality measures over the next several years. To learn more, visit the [Physician Compare Initiative page](#).

[◀ Back](#)[Start over](#)[More Information ▶](#)

Individual EP Information

If you are an Individual Eligible Professional (EP) and reported any of the listed measures, your performance scores will be publicly reported on [Physician Compare](#) in late 2015.

Starting on October 5, 2015, all EPs with measure data will have a 30-day preview period to view their data as it will appear on Physician Compare. The secured measure preview will be facilitated through the PQRS portal—Provider Quality Information Portal (PQIP). For more information on previewing your quality measures, visit the [Physician Compare Initiative page](#).
