

Merit-based Incentive Payment System (MIPS): CAHPS® for MIPS CMS-Approved Survey Vendors

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) streamlined a collection of programs into a single system where Medicare physicians and clinicians have a chance to be rewarded for better care. There are two paths in the Quality Payment Program:

- Merit-based Incentive Payment System (MIPS)
- Advanced Alternative Payment Models (APMs)

Under MIPS, there are four performance categories that will affect your Medicare payments – Quality, Clinical Practice Improvement Activities (referred to as “Improvement Activities”), meaningful use of certified EHR technology (referred to as “Advancing Care Information”), and Resource Use (referred to as “Cost”).

Vendor Selection

The Centers for Medicare & Medicaid Services (CMS) has approved the survey vendors listed below to administer the Consumer Assessment of Healthcare Providers and Systems (CAHPS®) for MIPS survey for 2017. As CMS-approved survey vendors, these organizations have demonstrated the facilities, project experience, and staff expertise that are required to conduct the 2017 survey administration with appropriate rigor, given the demands of the survey procedures and timeline. These organizations have also satisfactorily completed CMS training and submitted a Quality Assurance Plan. Groups that choose to participate in the CAHPS for MIPS survey need to contract with a vendor from this list of CMS-approved CAHPS for MIPS survey vendors. Groups are responsible for all associated costs of the vendor. The information included in the tables below is provided by the CMS-approved CAHPS for MIPS survey vendors. The contact information provided in the tables below does not represent an endorsement by CMS of any particular survey vendor. For more information on the CAHPS for MIPS survey, please visit the Quality Payment Program [website](#).
