

Attention Employees,

Illness and accidents are part of life. Health insurance coverage can be too. Families are eligible for low-cost or free health insurance coverage for their children ages 0-19.

Washington State's children's health insurance programs cover more than just urgent health needs. Your kids can get regular check-ups, dental care, immunizations and prescription drugs.

You'll have peace of mind knowing they are covered when you need it.

Even if your children have HMA insurance, you may also be eligible for Washington State children's medical insurance coverage. Your children will then have dual coverage and, if eligible, your Insurance cost/premium that is deducted from your paycheck may be refunded to you on a monthly basis from Washington State.

To see if your child is eligible contact Robin Finkbonner, Children's Health Insurance Enrollment Coordinator or Denise Kelly, DSHS Financial Specialist at 360-384-0464. Robin and Denise are both located in the Lummi Tribal Health Center.
