## Myths and Facts

**I don't need health insurance because I've got Indian Health Service (IHS).**

By enrolling in health coverage through the Marketplace, Medicaid, or CHIP, you have better access to services that IHS may not provide. If you enroll, you can keep getting services from IHS the same way you do now. When you get services from IHS, they can bill your insurance program, which helps IHS provide more services to others.

**I can't afford it.**

More American Indian and Alaska Natives may be eligible for lower premium costs based on income. They can qualify for Medicaid, enroll in plans without any out-of-pocket costs, or apply for federal tax credits. Information about these options is available from [www.healthcare.gov/tribal](http://www.healthcare.gov/tribal).
