Section 1902(a)(73) of the Social Security Act (the Act) requires a state in which one or more Indian health programs or urban Indian organizations furnish health care services to establish a process for the state Medicaid agency to seek advice on a regular, ongoing basis from designees of Indian health programs, whether operated by the Indian Health Service (IHS), tribes or tribal organizations under the Indian Self-Determination and Education Assistance Act (ISDEAA), or Urban Indian Organizations under the Indian Health Care Improvement Act (IHCIA). Section 2107(e)(1) of the Act was also amended to apply these requirements to the Children's Health Insurance Program (CHIP). Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and urban Indian organizations.

(A) Designees of the federally-recognized tribes in Texas, Indian health programs in Texas, urban Indian organizations in Texas, and the state Medicaid agency have formally agreed to the following process for seeking advice on a regular, ongoing basis on matters related to Medicaid programs and for consultation on state plan amendments (SPAs) prior to submission to CMS:

- The state Medicaid agency will send a request for feedback to designees of Indian health programs and urban Indian organizations in Texas on Medicaid SPAs that have a direct impact to Indian health programs on client eligibility, acute care services, and acute care providers. This will include any direct impact to Indian health programs on pharmacy services, Federally Qualified Health Centers, and provider requirements.

- Acute care provider reimbursement, including clinic or office reimbursement, rate reduction SPAs, and corresponding rate hearing information will be sent to the Indian health programs and urban Indian organizations in Texas only if a reduction of one million dollars or more, all funds, is proposed for a program or state plan rate category.

HCFA 179 10-58
Requests for feedback on Medicaid changes will be sent to the designees of the Indian health programs and the urban Indian organization in Texas at least 30 calendar days prior to the submission of the SPA to the CMS for approval. These timeframes may change if the state is required to submit these documents to CMS in less time. The minimum timeframe would be no less than one calendar week, reserved for certain instances when direction to implement a state plan change requires an expedited process. Examples of these instances include direction from Texas state leadership; direction from CMS; a court order; a settlement agreement; federal rules, regulations, or laws; or state or federal legislation.

Medicaid staff will hold regular conference calls with designees from the Ysletta Del Sur Pueblo, the Alabama-Coushatta Tribe, the Kickapoo Traditional Tribe of Texas, and the Urban Inter-Tribal Center of Texas. These calls will foster continued communication, and provide an opportunity to ask questions, ask for assistance, and express concerns.

(B) The consultation process that occurred specifically for the development and submission of this SPA is as follows:

- On April 28, 2010, state Medicaid agency staff met face-to-face with the health services designees from the federally-recognized tribes in Texas at the Urban Inter-Tribal Center of Texas (UITCT). Designees from the UITCT, the Alabama-Coushatta Tribe, and the Ysletta Del Sur Pueblo attended the meeting. The state Medicaid agency staff facilitated discussion regarding a potential consultation process on changes made to the Texas Medicaid state plan. On May 21, 2010, state Medicaid agency staff held a conference call with designees from the Kickapoo Traditional Tribe of Texas to ensure that all Indian health programs were consulted and given the opportunity to provide feedback on the potential consultation process discussed at the face-to-face meeting.

- A letter of agreement outlining the proposed consultation process was mailed to each Indian health program and urban Indian organization designee in Texas for review and no changes were suggested. All parties signed a tribal consultation agreement form to verify the consultation process outlined above.
