## Instructions for Continuing Education Credit

The Medicare Learning Network® (MLN) recently upgraded its Learning Management and Product Ordering System (LM/POS).

If you were already registered in the former MLN Learning Management System (LMS), you do not need to create a new login or password for the LM/POS. However, the appearance of the system and instructions for registering, logging-in, accessing courses, and obtaining certificate information have all changed.

For more information on the new LM/POS, please visit <https://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNProducts/Downloads/LMS-Upgrade.pdf>.

### Learning Management and Product Ordering System (LM/POS) Instructions

In order to receive continuing education credits (CEU) for this live activity, you must pass the session post-assessment and complete the evaluation. The continuing education post-assessments and evaluations are being administered through the Medicare Learning Network®.

**This post-assessment is located on the Medicare Learning Network® (MLN) Learning Management and Product Ordering System (LM/POS). Participants will need to login or register, to access the post-assessment.**

### Registering To Take a Post-Assessment

If you have previously taken Medicare Learning Network® (MLN) web-based training courses, you may use the login ID and password you created for those courses. If you are a new user, you will need to register.

#### To register (if you do NOT have an account):

1. Go to the LM/POS Homepage <https://learner.mlnlms.com>;
2. Click on “Create Account;” and
3. Enter information for all the required fields (with the red asterisks) and click “Create.”

**\*NOTE:** When you get to the ‘Organization’ field, click on Select. From the ‘Select Organizations’ screen, leave the ‘Find Organization’ field blank and click Search. Select ‘CMS-MLN Learners Domain - Organization’ and click Save.

Please add [MLN@cms.hhs.gov](mailto:MLN@cms.hhs.gov) to your address book to prevent MLN communication from going into your spam folder.

#### To login (if you already have an account):

1. Go to the LM/POS Homepage <https://learner.mlnlms.com>; and
2. Enter your login ID and password and click on “Log In.”

#### Finding the Post-Assessment:

1. Go to the LM/POS Homepage <https://learner.mlnlms.com>;

## Activity Information

### Activity Description

In October 2014, the Centers for Medicare & Medicaid Services (CMS), the New York State Department of Health (NYSDOH), and 21 managed care plans signed contracts to serve individuals eligible for both Medicare and Medicaid (“Medicare-Medicaid Enrollees”) through integrated Medicare-Medicaid Plans. These plans are operating under the Fully Integrated Duals Advantage (FIDA) program.

The goal of the 2016 Fully Integrated Duals Advantage (FIDA) provider training is to furnish information to New York (NY) State providers regarding the Joint Federal-State Centers for Medicare & Medicaid Services (CMS) Medicare-Medicaid Alignment Initiative in New York (NY) known as FIDA, identify the needs of the beneficiary populations served by this initiative, and describe the provider requirements under the interdisciplinary team (IDT) required to achieve the FIDA mission and performance goals.

### Target Audience

This activity is designed for physicians, home health providers, skilled nursing facilities, nursing facilities, behavioral health providers, adult day care, transportation, and pharmacies providing integrated care under Fully Integrated Duals Advantage (FIDA) in the State of New York (NY).

### Learning Objective

By the end of this presentation, learners should be able to:

- Identify the benefits of integrated care and the interdisciplinary team (IDT) for beneficiaries and providers;
- Identify how to structure an interdisciplinary team (IDT) and specific examples of how integrated care and interdisciplinary teams (IDTs) help beneficiaries;
- Recognize what a Fully Integrated Duals Advantage (FIDA) means and how it operates (benefit package, eligibility criteria, enrollment process); and
- Identify the roles and responsibilities of providers and how they are paid, under the Fully Integrated Duals Advantage (FIDA) program.
