Background

This one-time notification contains changes to the effective date of the CR 3194 requirements pertaining to the discontinued use of revenue code 0910. The CR 3194 business requirements document made a revenue code change for claims for certain psychiatric/psychological treatment and services submitted on or after October 1, 2004. Specifically, it discontinued revenue code 0910 and replaced it with revenue code 0900.

This CR changes the effective date of that revenue code change. The revenue code change will now be effective for claims with “dates of service” on or after October 16, 2003.

To briefly review the revenue code change contained in CR 3194: CORFs, RHCs, and FOHCs must use revenue code 0900 to report psychiatric/ psychological treatment and services that are subject to the outpatient mental health treatment limitation, just as revenue code 0910 was used in the past.

Similarly, hospital outpatient departments, CMHCs, and CAHs that formerly reported psychiatric/psychological services under the Outpatient Partial Hospitalization Program using revenue code 0910 must now report such treatment under revenue code 0900.
