

**News Flash** – On March 23, 2010, President Obama signed into law the Patient Protection and Affordable Care Act (PPACA). The Centers for Medicare & Medicaid Services (CMS) is working hard to expeditiously implement the new law. The law's Medicare fee-for-service provisions have varying effective dates and CMS' first priority is to address provisions with the earliest effective dates. CMS is committed to assuring Medicare providers are well informed as early as possible. For that reason, CMS is urging you to be on the alert for notices and instructions from CMS and from your Medicare fiscal intermediary, carrier, or Medicare Administrative Contractor, on forthcoming policy and operational changes as we implement the PPACA.

## Provider Action Needed

---

CR 6901, from which this article is taken, announces the latest update of Remittance Advice Remark Codes (RARCs) and Claim Adjustment Reason Codes (CARCs), effective July 1, 2010. Be sure billing staff are aware of these changes.

## Background

---

The reason and remark code sets must be used to report payment adjustments in remittance advice transactions. The reason codes are also used in some coordination-of-benefits (COB) transactions. The RARC list is maintained by the Centers for Medicare & Medicaid Services (CMS), and used by all payers; and additions, deactivations, and modifications to it may be initiated by any health care organization. The RARC and CARC lists are updated 3 times a year – in March, July, and November. Both code lists are posted at <http://www.wpc-edi.com/Codes> on the Internet. The lists at the end of this article summarize the latest changes to these lists, as announced in CR 6901.

CR 6901 conveys the following updates:
