and to control improper coding that leads to inappropriate payment in Part B claims.

The coding policies developed are based on coding conventions defined in the:

- American Medical Association's (AMA's) Current Procedural Terminology (CPT) Manual,
- National and local policies and edits,
- Coding guidelines developed by national societies,
- Analysis of standard medical and surgical practice, and by
- Review of current coding practice.

The latest package of CCI edits, Version 16.3, is effective October 1, 2010, and includes all previous versions and updates from January 1, 1996, to the present. It will be organized in the following two tables:

- Column 1/ Column 2 Correct Coding Edits, and
- Mutually Exclusive Code (MEC) Edits.
