Background

Section 302 of the Medicare Modernization Act of 2003 (MMA) established requirements for a new CBP for certain DMEPOS. Under the program, DMEPOS suppliers compete to become Medicare contract suppliers by submitting bids to furnish certain items in competitive bidding areas, and CMS awards contracts to enough suppliers to meet beneficiary demand for the bid items. The new, lower payment amounts resulting from the competition replace the Medicare DMEPOS fee schedule amounts for the bid items in these areas. All contract suppliers must comply with Medicare enrollment rules, be licensed and accredited, and meet financial standards.

Under the MMA, the DMEPOS CBP was to be phased in so that competition under the program would first occur in 10 Metropolitan Statistical Areas (MSAs) in 2007. The Medicare Improvements for Patients and Providers Act of 2008 (MIPPA) temporarily delayed the program in 2008 and made other limited changes. As required by MIPPA, CMS conducted the supplier competition in nine MSAs in 2009, referring to it as the Round 1 Rebid. The Round 1 Rebid contracts and prices became effective on January 1, 2011.

MIPPA also delayed the competition for Round 2 from 2009 to 2011 and authorized national mail-order competitions after 2010. The Affordable Care Act expanded the number of Round 2 MSAs from 70 to 91. Contracts and prices for Round 2 and the national mail order program for diabetic testing supplies went into effect on July 1, 2013.

CMS is required by law to recompetete contracts for the DMEPOS CBP at least once every three years. The Round 1 Rebid contract period for all product categories except mail-order diabetic supplies expired on December 31, 2013. (The Round 1 Rebid mail-order diabetic supply contracts expired on December 31, 2012.) CMS is conducting the Round 1 Rebid in the same competitive bidding areas as the Round 1 Rebid.
