Influenza Vaccine Payment Allowances - Annual Update for 2016-2017 Season

Provider Types Affected

This MLN Matters® Article is intended for physicians and other providers submitting claims to Medicare Administrative Contractors (MACs) for influenza vaccines provided to Medicare beneficiaries.

Provider Action Needed

Change Request (CR) 9758 informs MACs about the payment allowances for seasonal influenza virus vaccines. These payment allowances are updated on August 1 of each year. The Centers for Medicare & Medicaid Services (CMS) will post the payment allowances for influenza vaccines that are approved after the release of CR9758 at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Part-B-Drugs/McrPartBDrugAvgSalesPrice/VaccinesPricing.html>. Make sure that your billing staffs are aware that the payment allowances are being updated.

Background

The Medicare Part B payment allowance limits for influenza and pneumococcal vaccines are 95 percent of the Average Wholesale Price (AWP) as reflected in the published compendia except when the vaccine is furnished in a hospital outpatient department, Rural Health Clinic (RHC), or Federally Qualified Health Center (FQHC). In these instances, payment for the vaccine is based on reasonable cost

The Medicare Part B payment allowances for the following Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) codes below apply for the effective dates of August 1, 2016-July 31, 2017:

- CPT 90653 Payment allowance is pending
