## 2015-2016 Influenza (Flu) Resources for Health Care Professionals

### Provider Types Affected

---

All health care professionals who order, refer, or provide flu vaccines and vaccine administration to Medicare beneficiaries.

### What You Need to Know

---

- Keep this Special Edition MLN Matters® article and refer to it throughout the 2015 - 2016 flu season.
- Take advantage of each office visit as an opportunity to encourage your patients to protect themselves from the flu and serious complications by getting a flu shot.
- Continue to provide the flu shot as long as you have vaccine available, even after the new year.
- Remember to immunize yourself and your staff.

### Introduction

---

The Centers for Medicare & Medicaid Services (CMS) reminds health care professionals that Medicare Part B reimburses health care providers for flu vaccines and their administration. *(Medicare provides coverage of the flu vaccine without any out-of-pocket costs to the Medicare patient. No deductible or copayment/coinsurance applies.)*

You can help your Medicare patients reduce their risk for contracting seasonal flu and serious complications by using every office visit as an opportunity to recommend they take advantage of Medicare's coverage of the annual flu shot.

## Payment Rates for 2015-2016

Each year, CMS updates the Medicare Healthcare Common Procedure Coding System (HCPCS) and Current Procedure Terminology (CPT) codes and payment rates for personal influenza (flu) and pneumococcal vaccines. Payment allowance limits for such vaccines are 95 percent of the Average Wholesale Price (AWP), except where the vaccine is furnished in a hospital outpatient department, Rural Health Clinic (RHC), or Federally Qualified Health Center (FQHC). In these cases, the payment for the vaccine is based on reasonable cost.

Annual Part B deductible and coinsurance amounts do not apply. All physicians, non-physician practitioners, and suppliers who administer the influenza virus vaccination and the pneumococcal vaccination must take assignment on the claim for the vaccine.

Effective for services provided on August 1, 2015, through those provided on July 31, 2016, the following Medicare Part B payment allowances for HCPCS and CPT codes apply.

### CPT Codes:

CPT Code	Effective Dates	Payment Allowance
90630	8/1/2015 – 7/31/2016	\$23.467
