MLN Matters Number: SE18021 Revised Related Change Request (CR) Number: N/A
Article Release Date: December 12, 2018 Effective Date: N/A
Related CR Transmittal Number: N/A Implementation Date: N/A

**Note:** This article was revised on December 12, 2018, to advise providers that the public health emergency (PHE) declaration and Section 1135 waiver authority for Florida expires on January 5, 2019. Also, the PHE and Section 1135 waiver authority for Georgia expires on January 7, 2019. All other information is unchanged.

### PROVIDER TYPES AFFECTED

This MLN Matters® Special Edition Article is intended for providers and suppliers who submit claims to Medicare Administrative Contractors (MACs) for services provided to Medicare beneficiaries in the states of Florida and Georgia who were affected by Hurricane Michael.

### PROVIDER INFORMATION AVAILABLE

On October 9, 2018, pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act, President Trump declared that, as a result of the effects of Hurricane Michael, an emergency exists in the State of Florida. On October 10, 2018, President Trump declared a similar emergency for the State of Georgia as a result of Hurricane Michael. Also, on October 9, 2018, Secretary Azar of the Department of Health & Human Services declared that a public health emergency exists in Florida and authorized waivers and modifications under Section 1135 of the Social Security Act (the Act), retroactive to October 7, 2018, for Florida. Also, on October 11, 2018, Secretary Azar declared that a public health emergency exists in the State of Georgia, retroactive to October 9, 2018, and authorized the same waivers and modifications for Georgia. The PHE and Section 1135 waiver authority for Florida expires on January 5, 2019. The PHE and Section 1135 waiver authority for Georgia expires on January 7, 2019.

On October 9, 2018, the Administrator of the Centers for Medicare & Medicaid Services (CMS) authorized waivers under Section 1812(f) of the Social Security Act for the state of Florida for those people who are evacuated, transferred, or otherwise dislocated as a result of the effect of Hurricane Michael in 2018, retroactive to October 7, 2018. On October 11, 2018, the CMS Administrator authorized the same waivers for the state of Georgia, retroactive to October 9, 2018.

Under Section 1135 or 1812(f) of the Social Security Act, CMS has issued several blanket
waivers in the impacted geographical areas of the states of Florida and Georgia. These waivers will prevent gaps in access to care for beneficiaries impacted by the emergency. Providers do not need to apply for an individual waiver if a blanket waiver has been issued. Providers can request an individual Section 1135 waiver, if there is no blanket waiver, by following the instructions available at https://www.cms.gov/About-CMS/Agency-Information/Emergency/Downloads/Requesting-an-1135-Waiver-Updated-11-16-2016.pdf.

The most current waiver information is available at https://www.cms.gov/About-CMS/Agency-Information/Emergency/EPRO/Past-Emergencies/Hurricanes-and-tropical-storms.html. See the Background section of this article for more details.

**BACKGROUND**

*Section 1135 and Section 1812(f) Waivers*

As a result of the aforementioned declaration, CMS has instructed the MACs as follows:

1. Change Request (CR) 6451 (Transmittal 1784, Publication 100-04) issued on July 31, 2009, applies to items and services furnished to Medicare beneficiaries within the State of Florida from October 7, 2018, for the duration of the emergency and for the State of Georgia from October 9, 2018, for the duration of the emergency. In accordance with CR6451, use of the “DR” condition code and the “CR” modifier are mandatory on claims for items and services for which Medicare payment is conditioned on the presence of a “formal waiver” including, but not necessarily limited to, waivers granted under either Section 1135 or Section 1812(f) of the Act.

2. The most current information is available at https://www.cms.gov/About-CMS/Agency-Information/Emergency/EPRO/Past-Emergencies/Hurricanes-and-tropical-storms.html. Medicare FFS Questions & Answers (Q&As) posted on the waivers and flexibilities page at https://www.cms.gov/About-CMS/Agency-Information/Emergency/EPRO/Resources/Waivers-and-flexibilities.html, and also referenced below are applicable for items and services furnished to Medicare beneficiaries within the States of Florida and Georgia. These Q&As are displayed in two files:

   - One file addresses policies and procedures that are applicable without any Section 1135 or other formal waiver. These policies are always applicable in any kind of emergency or disaster, including the current emergency in Florida and Georgia.

   - Another file addresses policies and procedures that are applicable only with approved Section 1135 waivers or, when applicable, approved Section 1812(f) waivers. These Q&As are applicable for approved Section 1135 blanket waivers and approved individual 1135 waivers requested by providers and are effective October 7, 2018, for Florida and October 9, 2018, for Georgia.

In both cases, the links below will open the most current document. The date included in the document filename will change as new information is added, or existing information is revised.
a) Q&As applicable without any Section 1135 or other formal waiver are available at https://www.cms.gov/About-CMS/Agency-Information/Emergency/Downloads/Consolidated_Medicare_FFS_Emergency_QsAs.pdf.

b) Q&As applicable only with a Section 1135 waiver or, when applicable, a Section 1812(f) waiver, are available at https://www.cms.gov/About-CMS/Agency-Information/Emergency/Downloads/MedicareFFS-EmergencyQsAs1135Waiver.pdf.

**Blanket Waivers Issued by CMS**

Under the authority of Section 1135 (or, as noted below, Section 1812(f)), CMS has issued blanket waivers in the affected areas of Florida and Georgia. Individual facilities do not need to apply for the following approved blanket waivers:

**Skilled Nursing Facilities (SNFs)**

- Section 1812(f): This waiver of the requirement for a 3-day prior hospitalization for coverage of a SNF stay provides temporary emergency coverage of SNF services without a qualifying hospital stay, for those people who are evacuated, transferred, or otherwise dislocated as a result of the effect of Hurricane Michael in the States of Florida and Georgia. In addition, for certain beneficiaries who recently exhausted their SNF benefits, it authorizes renewed SNF coverage without first having to start a new benefit period (Blanket waiver for all impacted facilities).

- 42 CFR 483.20: Waiver provides relief to SNFs on the timeframe requirements for Minimum Data Set assessments and transmission (Blanket waiver for all impacted facilities).

**Home Health Agencies**

- 42 CFR 484.20(c)(1): This waiver provides relief to Home Health Agencies on the timeframes related to OASIS Transmission (Blanket waiver for all impacted agencies).

- To ensure the correct processing of home health disaster related claims, Medicare Administrative Contractors (MACs) are allowed to extend the auto-cancellation date of Requests for Anticipated Payment (RAPs).

**Critical Access Hospitals**

This action waives the requirements that Critical Access Hospitals limit the number of beds to 25, and that the length of stay be limited to 96 hours. (Blanket waiver for all impacted hospitals)
Housing Acute Care Patients In Excluded Distinct Part Units

CMS has determined it is appropriate to issue a blanket waiver to IPPS hospitals that, as a result of Hurricane Michael, need to house acute care inpatients in excluded distinct part units, where the distinct part unit’s beds are appropriate for acute care inpatient. The IPPS hospital should bill for the care and annotate the patient’s medical record to indicate the patient is an acute care inpatient being housed in the excluded unit because of capacity issues related to Hurricane Michael. (Blanket waiver for all IPPS hospitals located in the affected areas that need to use distinct part beds for acute care patients as a result of the hurricane.)

Care for Excluded Inpatient Psychiatric Unit Patients in the Acute Care Unit of a Hospital

CMS has determined it is appropriate to issue a blanket waiver to IPPS and other acute care hospitals with excluded distinct part inpatient psychiatric units that, as a result of Hurricane Michael, need to relocate inpatients from the excluded distinct part psychiatric unit to an acute care bed and unit. The hospital should continue to bill for inpatient psychiatric services under the inpatient psychiatric facility prospective payment system for such patients and annotate the medical record to indicate the patient is a psychiatric inpatient being cared for in an acute care bed because of capacity or other exigent circumstances related to the hurricane. This waiver may be utilized where the hospital’s acute care beds are appropriate for psychiatric patients and the staff and environment are conducive to safe care. For psychiatric patients, this includes assessment of the acute care bed and unit location to ensure those patients at risk of harm to self and others are safely cared for.

Care for Excluded Inpatient Rehabilitation Unit Patients in the Acute Care Unit of a Hospital

CMS has determined it is appropriate to issue a blanket waiver to IPPS and other acute care hospitals with excluded distinct part inpatient rehabilitation units that, as a result of Hurricane Michael, need to relocate inpatients from the excluded distinct part rehabilitation unit to an acute care bed and unit. The hospital should continue to bill for inpatient rehabilitation services under the inpatient rehabilitation facility prospective payment system for such patients and annotate the medical record to indicate the patient is a rehabilitation inpatient being cared for in an acute care bed because of capacity or other exigent circumstances related to the hurricane. This waiver may be utilized where the hospital’s acute care beds are appropriate for providing care to rehabilitation patients, and such patients continue to receive intensive rehabilitation services.

Emergency Durable Medical Equipment, Prosthetics, Orthotics, and Supplies for Medicare Beneficiaries Impacted by an Emergency or Disaster

As a result of Hurricane Michael, CMS has determined it is appropriate to issue a blanket waiver to suppliers of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) where DMEPOS are lost, destroyed, irreparably damaged, or
otherwise rendered unusable. Under this waiver, the face-to-face requirement, a new physician’s order, and new medical necessity documentation are not required for replacement. Suppliers must still include a narrative description on the claim explaining the reason why the equipment must be replaced and are reminded to maintain documentation indicating that the DMEPOS were lost, destroyed, irreparably damaged or otherwise rendered unusable as a result of the hurricane.

**Medicare Advantage Plan or other Medicare Health Plan Beneficiaries**

CMS reminds suppliers that Medicare beneficiaries enrolled in a Medicare Advantage or other Medicare Health Plans should contact their plan directly to find out how it replaces DMEPOS damaged or lost in an emergency or disaster. Beneficiaries who do not have their plan’s contact information can contact 1-800-MEDICARE (1-800-633-4227) for assistance.

**Replacement Prescription Fills**

Medicare payment may be permitted for replacement prescription fills (for a quantity up to the amount originally dispensed) of covered Part B drugs in circumstances where dispensed medication has been lost or otherwise rendered unusable by damage due to the disaster or emergency.

**Requesting an 1135 Waiver**

Information for requesting an 1135 waiver, when a blanket waiver hasn’t been approved, can be found at https://www.cms.gov/About-CMS/Agency-Information/Emergency/Downloads/Requesting-an-1135-Waiver-Updated-11-16-2016.pdf.

**ADDITIONAL INFORMATION**

If you have questions, your MACs may have more information. Find their website at http://go.cms.gov/MAC-website-list.

The Centers for Disease Control and Prevention released ICD-10-CM coding advice to report healthcare encounters in the hurricane aftermath.

Providers may also want to review the CMS Emergency and Preparedness webpage at https://www.cms.gov/About-CMS/Agency-Information/Emergency/EPRO/EPRO-Home.html.

The article was revised to advise providers that the PHE declaration and Section 1135 waiver authority for Florida expires on January 5, 2019. Also, the PHE and Section 1135 waiver authority for Georgia expires on January 7, 2019. All other information is unchanged.

The article was revised to add information regarding the emergency declared for the State of Georgia as a result of Hurricane Michael.

Initial article released.
