Background

Annually, after the major Healthcare Common Procedure Coding System (HCPCS) updates are completed, CMS also provides you with an SNF Help File, so that you can see which services are included in SNF consolidated billing under Part A, identify the basis of payment for services under Part B, and better understand your fiscal intermediary's (FIs) explanation of edit results on your claims.

This file, a large Microsoft Excel® spreadsheet that specifies the status of over 11,900 HCPCS and CPT codes for SNF billing and payment, is also updated, as necessary, at other times during the year when there are significant changes to the HCPCS file.

Additional Information

You can find more information about this updated file in Chapters 6 and 7 of the Medicare Claims Processing Manual at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/index.html/Manuals/IOM/list.asp> on the CMS website.
