## Background

### *The Common Working File (CWF)*

Medicare's claims processing systems currently have edits in place for claims received for beneficiaries in a Part A covered Skilled Nursing Facility (SNF) stay as well as for beneficiaries in a non-covered stay. These edits allow only those services excluded from consolidated billing to be separately paid by the carrier and/or FI.

**For physicians and providers billing carriers:** By the first week of December 2005, new code files will be posted to <http://www.cms.gov/Medicare/Billing/SNFConsolidatedBilling/index.html> on the CMS website.

**For those providers billing FIs:** By the first week of December 2005, new Excel and PDF files will be posted to <http://www.cms.gov/Medicare/Billing/SNFConsolidatedBilling/index.html> on the CMS website.

Note: It is important and necessary for the provider community billing the FIs to view the "General Explanation of the Major Categories" bullet located under each Annual update bullet, at the <http://www.cms.gov/Medicare/Billing/SNFConsolidatedBilling/index.html> link, to understand the Major Categories, including additional exclusions not driven by HCPCS codes.
