

MLN Matters Number: MM4376

Related Change Request (CR) #: 4376

Related CR Release Date: March 10, 2006

Effective Date: March 15, 2006

Related CR Transmittal #: R885CP

Implementation Date: June 1, 2006

Suppression of Standard Paper Remittance Advice (SPR) to Providers and Suppliers Also Receiving Electronic Remittance Advice (ERA) for 45 Days or More

Note: This article was updated on November 1, 2012, to reflect current Web addresses. All other information remains unchanged.

Provider Types Affected

All Medicare providers, physicians, suppliers, and qualified non-physician practitioners billing Medicare carriers and durable medical equipment regional carriers (DMERCs)

Provider Action Needed

STOP – Impact to You

CR4376 provides notice that beginning June 1, 2006, carriers and DMERCs will stop sending standard paper remittance (SPR) advices to you (or a billing agent, clearinghouse, or other entity representing you) if you have been receiving 835s or electronic remittance advice (ERA) transactions, either directly or through a billing agent, clearinghouse, or other entity representing you, for 45 days or more.

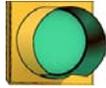

CAUTION – What You Need to Know

If you need a paper copy of a remittance advice for accounts reconciliation or to forward to secondary/tertiary payers, be aware that the Centers for Medicare & Medicaid Services (CMS) has developed software that gives you a tool to view and print an 835 in a readable format locally on your computer. This software is called Medicare Remit Easy Print (MREP). See the *Additional Information* section of this article to learn how to access MREP software. Your clearinghouse may also offer software that allows you to view and print your remittance advice.

Disclaimer

This article may contain references or links to statutes, regulations, or other policy materials. The information provided is only intended to be a general summary. It is not intended to take the place of either the written law or regulations. We encourage readers to review the specific statutes, regulations and other interpretive materials for a full and accurate statement of their contents.

GO – What You Need to Do

Make certain that your billing staffs are aware of these changes. Try MREP software to view and print your own remittance and see the benefits for yourself. Or, check with your clearinghouse to see if it provides similar software.

Background

The *Medicare Claims Processing Manual*, Chapter 22, Section 40.1, Remittance Advice, describes the instructions issued by CMS to carriers and DMERCs.

The section instructs carriers and DMERCs to eliminate SPRs to those providers/suppliers who were receiving ERA transactions for 45 days or more.

MREP was developed in response to comments CMS received from the provider/supplier community that they need a paper document for accounts reconciliation, and claim submission for secondary/tertiary payments. Providers/suppliers who use the MREP software package have the ability to print paper remittances and reports that can be used to reconcile accounts receivable, as well as to create document(s) that can be included with claim submissions to secondary/tertiary payers. The output of MREP is similar to the current SPR format.

Benefits of using MREP software include the ability to:

Save Time and Money

You can print remittance information directly from your computer the day the HIPAA 835 is available. No more time is spent waiting for the mail.

Create and Print Special Reports

With MREP, you can run, export, or print several useful reports including:

- **Deductible Service Lines Report:** Shows claim service lines that have deductible amount.
- **Adjusted Service Lines Report:** Shows claims within a single remittance that have a claim status 22 (reversed claim).
- **Denied Service Lines Report:** Shows only claim service lines that have an allowed amount of zero and are associated with a claim that does not have a claim status 22 (reversed claim).

Print and Forward Claims for Other Payers

MREP provides the ability to print remittance information for individual or multiple selected claims, and it allows you to forward only those claims that are needed by other payers for secondary payment. You may view and/or print as many or as

We encourage readers to review the specific statutes, regulations and other interpretive materials for a full and accurate statement of their contents.

few claims as needed. This eliminates the need for you to darken individually identifiable data on the SPR, as you may do today, that does not pertain to the claim for which you are requesting payment.

Navigate and View Remittance Information

MREP organizes and presents information in a manner that makes it easy for you to view. It also provides separate tabs to access the following:

- A list of claims;
- Details for individually selected claims;
- Summary information;
- Glossary information containing Claim Adjustment Reason Codes, Remittance Advice Remark Codes, and their definitions;
- A data view that allows you to look at the various loops and segments containing data in the HIPAA 835; and
- A search function to find claims containing specific information.

Note: MREP software will be revised three times per year to accommodate Claim Adjustment Reason and Remittance Advice Remark Code set changes. You can sign up to be notified automatically when a new version of MREP is available at your carrier's/DMERC's website.

Search for Claim(s) Information Quickly and Easily

MREP's search function can help you find a claim (or multiple claims) based on your customized search criteria. Using it, you can search by names, numbers, and even portions of information such as:

- Health Insurance Claim Number (HICN);
- Beneficiary Last Name;
- Internal Control Number (ICN);
- Beneficiary Account Number;
- Procedure Code;
- Service Date; and
- Rendering Provider Number

Note: MREP's search capability provides a powerful way to save time and money when examining remittance information.

Eliminate Need for Physical Filing and Storage Space

MREP software imports a HIPAA 835 (once you have received it from your carrier/DMERC) and saves the information as a separate Import file to help ensure that the original HIPAA 835 file remains intact.

It also provides an easy-to-use method to archive, restore, and delete these Import files as you maintain your remittance records (further reducing the need for physical filing of printed copies and additional storage space).

As you gain familiarity with the MREP software, you will be able to take advantage of the numerous keystroke shortcuts designed to streamline use of the software and save you time while viewing your remittance information.

Additional Information

To learn about more MREP benefits, download the brochure available at http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNProducts/downloads/MedicareRemit_0408.pdf on the CMS website. Or, you can view Special Edition MLN Matters article SE0611 at <http://www.cms.gov/outreach-and-education/medicare-learning-network-mln/mlnmattersarticles/downloads/SE0611.pdf> on the CMS website.

If you have questions, please contact your Medicare carrier/DMERC at their toll-free number which may be found at <http://www.cms.gov/Research-Statistics-Data-and-Systems/Monitoring-Programs/provider-compliance-interactive-map/index.html> on the CMS website.

For more information about the MREP software and how to receive the HIPAA 835, please contact your carrier/DMERC. Medicare Part B Electronic Data Interchange (EDI) helpline phone numbers are available at <http://www.cms.gov/Regulations-and-Guidance/HIPAA-Administrative-Simplification/TransactionCodeSetsStands/index.html> on the CMS website.

The official instructions issued to your carrier/DMERC regarding this change can be found at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/downloads/R885CP.pdf> on the CMS website.
