Physicians may view the current CCI edits and the current Mutually Exclusive Code (MEC) edits at <http://www.cms.hhs.gov/NationalCorrectCodInitEd/> on the Centers for Medicare & Medicaid (CMS) website.

The website will be updated with the Version 12.2 edits as soon as they are effective.

Background

The National Correct Coding Initiative developed by CMS helps promote national correct coding methodologies and controls improper coding. The coding policies developed are based on coding conventions defined in the American Medical Association's Current Procedural Terminology (CPT) manual, national and local policies and edits, coding guidelines developed by national societies, analysis of standard medical and surgical practice, and review of current coding practice.
