

News Flash - Medicare Remit Easy Print (MREP) – Still using Standard Paper Remittance Advices (SPRs)? Did you know that with the new MREP software that is available to you (for free!), you can view and print as many or as few claims as needed? With the MREP software, you can navigate and view an Electronic Remittance Advice (ERA) using your personal computer. This is especially helpful when you need to print only one claim from the Remittance Advice (RA) when forwarding a claim to a secondary payer. CMS developed the MREP software to enable you to read and print the HIPAA-compliant ERA, also known as Transaction 835 or “the 835”. Contact your carrier, A/B MAC or DME MAC to find out more about MREP and/or for information on how to receive HIPAA compliant ERAs.

NOTE: This article was updated on September 25, 2012, to reflect current Web addresses. Also, note that CR5765 is rescinded and replaced with CR5909. This replacement revises the transition date of medical review duties from the DME Program Safeguard contractors (PSCs) to the DME Medicare Administrative Contractors (MACs). In addition, CR5909 corrects language and adds new sections that were inadvertently omitted in CR5765. CR5909 may be found at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/downloads/R242PI.pdf> on the CMS website.
