Ambulance Inflation Factor (AIF) for Calendar Year (CY) 2010

Provider Types Affected

This article is for providers and suppliers of ambulance services who bill Medicare carriers, fiscal intermediaries (FIs), or Part A/B Medicare Administrative Contractors (A/B MACs) for those services.

What You Need to Know

Change Request (CR) 6631, from which this article is taken, provides the AIF for CY 2010. The AIF for CY 2010 is zero (0).

Background

Section 1834(l) (3) (B) of the Social Security Act (the Act) provides the basis for updating payment limits that carriers, FIs, and A/B MACs use to determine how much to pay you for the claims that you submit for ambulance services.

Specifically, this section of the Act provides for a 2010 payment update that is equal to the percentage increase in the urban consumer price index (CPI-U), for the 12-month period ending with June of the previous year. The resulting percentage is referred to as the AIF.
