Related CR Release Date: November 15, 2017 Effective Date: for claims processed on or after October 2, 2017

Related CR Transmittal #: R3920CP Implementation Date: October 2, 2017

Qualified Medicare Beneficiary Indicator in the Medicare Fee-For-Service Claims Processing System

Note: The article was revised on November 16, 2017, to reflect a revised CR9911 issued on November 15, 2017. In the article, the CR release date, transmittal number, and the Web address of CR9911 are revised. All other information remains the same.

Provider Types Affected

This MLN Matters® Article is intended for physicians, providers, and suppliers submitting claims to Medicare Administrative Contractors (MACs), including Home Health & Hospice MACs and Durable Medical Equipment MACs, for services provided to Medicare beneficiaries.

Provider Action Needed

Change Request (CR) 9911 modifies the Medicare claims processing systems to help providers more readily identify the Qualified Medicare Beneficiary (QMB) status of each patient and to support providers' ability to follow QMB billing requirements. Beneficiaries enrolled in the QMB program are not liable to pay Medicare cost-sharing for all Medicare A/B claims. CR 9911 adds an indicator of QMB status to Medicare's claims processing systems. This system enhancement will trigger notifications to providers (through the Provider Remittance Advice) and to beneficiaries (through the Medicare Summary Notice) to reflect that the beneficiary is enrolled in the QMB program and has no Medicare cost-sharing liability. Make sure that your billing staffs are aware of these changes.

Background

QMB is a Medicaid program that assists low-income beneficiaries with Medicare premiums and cost-sharing. In 2015, 7.2 million persons (more than one out of every ten Medicare beneficiaries) were enrolled in the QMB program.

Federal law bars Medicare providers from billing a QMB individual for Medicare Part A and B deductibles, coinsurance, or copayments, under any circumstances. Sections 1902(n)(3)(B); 1902(n)(3)(C); 1905(p)(3); 1866(a)(1)(A); 1848(g)(3)(A) of the Social Security Act. State Medicaid programs may pay providers for Medicare deductibles, coinsurance, and copayments. However, as permitted by Federal law, states can limit provider payment for Medicare cost-sharing, under certain circumstances. Regardless, QMB individuals have no legal liability to pay Medicare providers for Medicare Part A or Part B cost-sharing. Providers may seek reimbursement for unpaid Medicare deductible and coinsurance amounts as a Medicare bad debt related to dual eligible beneficiaries under CMS Pub. 15-1, Chapter 3 of the “Provider Reimbursement Manual (PRM)”.

CR 9911 aims to support Medicare providers’ ability to meet these requirements by modifying the Medicare claims processing system to clearly identify the QMB status of all Medicare patients. Currently, neither the Medicare eligibility systems (the HIPAA Eligibility Transaction System (HETS)), nor the claims processing systems (the FFS Shared Systems), notify providers about their patient’s QMB status and lack of Medicare cost-sharing liability. Similarly, Medicare Summary Notices (MSNs) do not inform those enrolled in the QMB program that they do not owe Medicare cost-sharing for covered medical items and services.

CR 9911 includes modifications to the FFS claims processing systems and the “Medicare Claims Processing Manual” to generate notifications to Medicare providers and beneficiaries regarding beneficiary QMB status and lack of liability for cost-sharing.

With the implementation of CR 9911, Medicare’s Common Working File (CWF) will obtain QMB indicators so the claims processing systems will have access to this information.

- CWF will provide the claims processing systems the QMB indicators if the dates of service coincide with a QMB coverage period (one of the occurrences) for the following claim types: Part B professional claims; Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) claims; and outpatient institutional Types of Bill (TOB) 012x, 013x, 014x, 022x, 023x, 034x, 071x, 072x, 074x, 075x, 076x, 077x, and 085x); home health claims (TOB 032x) only if the revenue code for the line item is 0274, 029x, or 060x; and Skilled Nursing Facility (SNF) claims (based on occurrence code 50 date for revenue code 0022 lines on TOBs 018x and 021x).
- CWF will provide the claims processing systems the QMB indicator if the "through date" falls within a QMB coverage period (one of the occurrences) for inpatient hospital claims (TOB 011x) and religious non-medical health care institution claims (TOB 041x).

Disclaimer

The QMB indicators will initiate new messages on the Remittance Advice that reflect the beneficiary's QMB status and lack of liability for Medicare cost-sharing with three new Remittance Advice Remark Codes (RARC) that are specific to those enrolled in QMB. As appropriate, one or more of the following new codes will be returned:

- N781 – No deductible may be collected as patient is a Medicaid/Qualified Medicare Beneficiary. Review your records for any wrongfully collected coinsurance, deductible or co-payments.
- N782 – No coinsurance may be collected as patient is a Medicaid/Qualified Medicare Beneficiary. Review your records for any wrongfully collected coinsurance, deductible or co-payments.
- N783 – No co-payment may be collected as patient is a Medicaid/Qualified Medicare Beneficiary. Review your records for any wrongfully collected coinsurance, deductible or co-payments.

In addition, the MACs will include a Claim Adjustment Reason Code of 209 (“Per regulatory or other agreement. The provider cannot collect this amount from the patient. However, this amount may be billed to subsequent payer. Refund to patient if collected. (Use only with Group code OA (Other Adjustment)).

Finally, CR 9911 will modify the MSN to inform beneficiaries if they are enrolled in QMB and cannot be billed for Medicare cost-sharing for covered items and services.

Additional Information

The official instruction, CR 9911, issued to your MAC regarding this change is available at <https://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/2017Downloads/R3920CP.pdf>.

If you have questions, your MACs may have more information. Find their website at <http://go.cms.gov/MAC-website-list>.
