

It's Not Too Late to Give and Get the Flu Shot! In the U.S., the peak of flu season typically occurs anywhere from late December through March; however, flu season can last as late as May. Each office visit presents an opportunity for you to talk with your patients about the importance of getting an annual flu shot and a one time pneumococcal vaccination. Protect yourself, your patients, and your family and friends by getting and giving the flu shot. **Don't Get the Flu. Don't Give the Flu. Get Vaccinated!** Remember - Influenza and pneumococcal vaccinations and their administration are covered Part B benefits. Note that influenza and pneumococcal vaccines are NOT Part D covered drugs. You and your staff can learn more about Medicare's coverage of adult immunizations and related provider education resources, by reviewing Special Edition MLN Matters® article SE0748 at <http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/Downloads/SE0748.pdf> on the CMS website.

Provider Action Needed

STOP – Impact to You

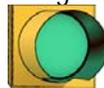

Effective for services on or after January 1, 2008, you must bill for smoking and tobacco use cessation counseling services with new CPT codes (99406 or 99407). If you bill using the former HCPCS codes (G0375 and G0376) for services provided after December 31, 2007, your claims will not be paid.

CAUTION – What You Need to Know

CR 5878, from which this article is taken, announces that the 2008 Medicare Physician Fee Database (MPFSDB) includes two new CPT codes for smoking and tobacco use cessation counseling services; replacing the temporary HCPCS G codes (G0375 and G0376) currently in use for billing these services. These new codes (effective on and after January 1, 2008) are:

- **99406** - Smoking and tobacco-use cessation counseling visit; intermediate, greater than 3 minutes up to 10 minutes; and
- **99407** - Smoking and tobacco-use cessation counseling visit; intensive, greater than 10 minutes.

GO – What You Need to Do

Make sure that your billing staffs are aware of these newly required CPT codes for smoking and tobacco use cessation counseling services.

You should also review CR6163 (<http://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/downloads/R1593CP.pdf>), which removes the outpatient physical therapy provider (OPT) bill type 74X and comprehensive outpatient rehabilitation facility (CORF) bill type 75X from the list of applicable bill types for smoking and tobacco cessation counseling (effective July 1, 2008).
