Provider Action Needed

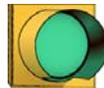

STOP – Impact to You

The Centers for Medicare & Medicaid Services (CMS) issued Change Request (CR) 5917 to alert suppliers, including manufacturers, enrolled with the National Supplier Clearinghouse (NSC) as a Durable Medical Equipment Prosthetic, Orthotics, and Supplies (DMEPOS) supplier, that they may now enroll with and bill the Medicare carrier or A/B MAC for replacement parts, accessories and supplies for prosthetic implants and surgically implanted DME items that are not required to be billed to the Medicare fiscal intermediary.

CAUTION – What You Need to Know

Such suppliers may bill the carrier/MAC for these items only, unless the entity separately qualified as a supplier for items and/or services in another benefit category.

GO – What You Need to Do

Make certain that you use your National Provider Identifier (NPI) and do not include your NSC number on claims submitted to carriers/MACs for replacement parts, accessories, and supplies for prosthetic implants and surgically implanted DME.

Key Points

- CR5917 reinstates the Part B carrier/MAC jurisdiction for suppliers of replacement parts, accessories and supplies for prosthetic implants and surgically implanted DME only, including manufacturers of such items.
- Suppliers that wish to bill the carrier/MAC for these items must enroll with the NSC as a DMEPOS supplier prior to enrolling with, and billing these items to, the Part B carrier/MAC.
- All suppliers must meet the enrollment standards of the NSC and qualify as a DMEPOS supplier. (A DMEPOS supplier must meet certain requirements and enroll with the NSC as described in Chapter 10 of the Program Integrity Manual, which may be reviewed at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Downloads/pim83c10.pdf> on the CMS website.

Additional Information
