Background

The NCDs for clinical diagnostic laboratory services were developed by the laboratory negotiated rulemaking committee and published in a final rule on November 23, 2001. Nationally uniform software was developed and incorporated in Medicare's systems so that laboratory claims subject to one of the 23 NCDs were processed uniformly throughout the nation effective July 1, 2003. In accordance with the Medicare Claims Processing Manual, Chapter 16, Section 120.2, available at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/downloads/clm104c16.pdf> on the Centers for Medicare & Medicaid Services (CMS) website, the laboratory edit module is updated quarterly (as necessary) to reflect ministerial coding updates and substantive changes to the NCDs developed through the NCD process.
