## 2010 Annual Participation Enrollment Program Extension

### Provider Types Affected

This article is for physicians currently participating in Medicare or considering participation during 2010.

### What You Need to Know

Due to recent revisions that were made to the 2010 Medicare Physician Fee Schedule (MPFS), the Centers for Medicare & Medicaid Services (CMS) has extended the 2010 Annual Participation Enrollment Program end date from December 31, 2009, to **March 17, 2010** – therefore, the enrollment period now runs from November 13, 2009, through March 17, 2010. The effective date for any Participation status change during the extension, however, remains January 1, 2010; and will be in force for the entire year.

Medicare contractors (carriers and Medicare Administrative Contractors (MACs)) will accept and process any participation elections or withdrawals, made during the extended enrollment period that are received or post-marked on or before March 17, 2010.
