News Flash – Did you know that Medicare provider enrollment application forms can be completed on your computer? This means that you can fill out the information required by typing into the open fields while the form is displayed on your computer monitor. Filling out the forms this way before printing, signing, and mailing means more easily-readable information – which means fewer mistakes, questions, and delays when your application is processed. Be sure to make a copy of the signed form for your records before mailing. You can find the Medicare provider enrollment application forms at <http://www.cms.gov/Medicare/Provider-Enrollment-and-Certification/MedicareProviderSupEnroll/index.html> on the Centers for Medicare & Medicaid Services (CMS) website.
