

# You are a Billing and Coding Professional — you need answers about billing, coding and/or other reimbursement issues.

Turn to the Medicare Learning Network® (MLN); it is *your* resource for official information from the Centers for Medicare & Medicaid Services (CMS).

The MLN provides business office management professionals with accurate, timely, and easy-to-understand billing and coding information from subject-specific experts at CMS.

With the “**Medicare Learning Network® Suite of Products and Resources for Billing and Coding Professionals**,” you will find over 100 educational tools in the Suite’s components. For example, *The Business of Medicare* component provides an understanding of how Medicare FFS coding, reimbursement, provider enrollment, payment systems and fee schedules work.

All components include official up-to-date Medicare products that help you understand how to streamline claims submissions in order to receive accurate Medicare reimbursement.

## **Download the four MLN Suite components now.**

**The Business of Medicare** – Billing, coding, reimbursement, provider enrollment, fee schedules and payment systems

**Special Medicare Initiatives** – Multiple ways to improve the quality, effectiveness and efficiency of health care services offered by Medicare providers

**Medicare Benefits and Services** – An overview of preventive services, such as, bone density, glaucoma and diabetes

**General Medicare Program Information and Resources** – Comprehensive resources to provide a full understanding of the Medicare Program

**“It’s great — one place for billing and coding products and materials.”**
