## January 2, 2007

*Hello everyone. On Friday, December 29th, I sent a number of Medicare-related news items to you, the first of which announced new MLN Matters articles regarding the 2007 Physician Fee Schedule.*

*I want to emphasize that two of these articles (MM5443—"2007 Physician Fee Schedule Payment Policies" and MM5459—"Emergency Update to the 2007 Medicare Physician Fee Schedule Database (MPFSDB)") contain important information regarding Part B payment for the administration of a covered Part D vaccine. This provision, which is effective January 1, 2007, was put into place by the Tax Relief and Health Care Act of 2006 and is for 2007 only. Please find all of the details in the two related MLN Matters articles, which can be found at:*

### **New MLN Matters Article On Medicare FFS and Medicare Advantage Eligibility System Issues**

CMS recently issued a new *MLN Matters* Special Edition Article—SE0681 entitled “Medicare Fee-for-Service (FFS) and Medicare Advantage (MA) Eligibility System Issues.” This article discusses situations wherein MA enrollments with retroactive dates are processed by CMS FFS systems, resulting in Medicare paying twice for the services rendered—once under FFS and second by the MA payment systems in the monthly capitation rate to the plan. An electronic copy of SE0681 is attached for your convenience. You may also access the article on the CMS Website at:

### Medicare Hospital Value-Based Purchasing

#### **Posting of the Issues Paper for the Listening Session on a Plan for Medicare Hospital Value-Based Purchasing- January 17, 2007**

Posting of the Issues Paper for the Listening Session on a Plan for Medicare Hospital Value-Based Purchasing – January 17, 2007. Deadline for registration, both for on-site and teleconference participation, is Wednesday, January 10, 2007 at 5:00 PM EST.

CMS is pleased to announce that the Issues Paper addressing design considerations for the development of the Medicare Hospital Value-Based Purchasing Plan authorized by Section 5001(b) of the Deficit Reduction Act of 2005 is now posted on the CMS web page at Hospital Center Spotlights: <http://www.cms.hhs.gov/center/hospital.asp>.

CMS will conduct a Listening Session on January 17, 2007 focused on this Issues Paper. The Listening Session will be held from 10 AM to 5 PM in the CMS Baltimore auditorium. Attendees will have the opportunity to present verbal comments if they have registered in advance to do so. A dial-in number will be provided for those who cannot attend, but due to time constraints, telephone participants will not be able to make verbal comments.

All interested parties are encouraged to participate in the Listening Session, including, but not limited to hospitals and other health care providers, purchasers, employers, consumers, and representatives of these stakeholders. Registration is required for both on-site and teleconference participation. Registration information is available at: <http://registration.intercall.com/go/cms2>. Confirmation of registration is provided. The deadline for registration, both for on-site and teleconference participation, is Wednesday, January 10, 2007 at 5:00 PM EST.

Written comments on the Issues Paper will be accepted until January 24, 2007 and may be sent by e-mail to [cmshospitalVBP@cms.hhs.gov](mailto:cmshospitalVBP@cms.hhs.gov). Comments may also be sent by FAX to 410-786-0330 or mailed to Robin Phillips, Medicare Feedback Group, Centers for Medicare & Medicaid Services, Mail Stop C4-13-07, 7500 Security Blvd., Baltimore, MD 21244-1850.

### **CMS Requests Public Comment on a Revised Version of the Important Message from Medicare**

A notice was published in the Federal Register on January 5, 2007 requesting comments on a revised version of the Important Message from Medicare (IM) (CMS-R-193). There is a 60-day comment period. This notice stems directly from the November 27, 2006 final rule, Notification of Hospital Discharge Appeal Rights, CMS-4105-F. Beginning July 1, 2007, hospitals must deliver a revised version of the IM to inform Medicare beneficiaries who are hospital inpatients about their hospital discharge appeal rights. Notice is required both for original Medicare beneficiaries and for beneficiaries enrolled in Medicare health plans. For now, hospitals must continue to use current notices and processes.

To view the announcement in the Federal Register go to:

To obtain copies of the IM and supporting documents, go to  
<http://www.cms.hhs.gov/PaperworkReductionActof1995>. On the menu on the left side of that page, click on “PRA Listing”, then scroll down or search for “CMS-R-193”.

Or, you may email your request including your name, address, phone number, OMB number (0938-0692) and CMS document identifier (CMS-R-193) to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

**Annual Medicare Contractor Provider Satisfaction Survey**

**Make Your Voice Heard!**

In January 2007, the Centers for Medicare & Medicaid services (CMS) will begin dissemination of the Medicare Contractor Provider Satisfaction Survey (MCPSS) to a new sample of Medicare providers. The survey is designed to garner quantifiable data on provider satisfaction levels with key services performed by the fee-for-service contractors (FFS) that process and pay more than \$280 billion in Medicare claims each year.

Providers selected to participate in the survey will be notified by mail during the first week of January 2007. The survey is designed so that it can be completed in about 15 minutes and providers can submit their responses via a secure Web site, mail, fax, or over the telephone. CMS will ask providers to respond by February 2007.

The views of each provider in the survey are important because they represent many other organizations similar in size, practice type and geographical location. If you are one of the 35,000 providers randomly chosen to participate in the 2007 MCPSS implementation, you have an opportunity to help CMS improve service to all providers.

The MCPSS focuses on seven major aspects of the provider-contractor relationship -- provider communications, provider inquiries, claims processing, appeals, provider enrollment, medical review, and provider audit and reimbursement. Respondents are asked to rate their experience working with contractors using a scale of 1 to 6, with “1” representing “not at all satisfied” and “6” representing “completely satisfied.”

CMS will use the survey data to support claims processing improvement by contractors and to reform the Medicare Program.

Further information about the MCPSS and results of the 2006 survey are available at: <http://www.cms.hhs.gov/MCPSS/>.

Attached, please find the CMS Press Release.

**January is National Glaucoma Awareness Month** – Please join with the Centers for Medicare & Medicaid Services (CMS) in promoting increased awareness of glaucoma and the glaucoma screening benefit provided by Medicare. Nearly 3 million Americans have glaucoma, the second leading cause of blindness in the world. Often progressing silently, with no symptoms, it is estimated that many people that do have the disease don't know it. With glaucoma, by the time a problem is noticed permanent damage has already occurred. With early detection and treatment, however, blindness may be prevented.

### **Medicare Coverage**

Medicare provides coverage of an annual glaucoma screening for beneficiaries in at least one of the following high risk groups:

- Individuals with diabetes mellitus;
- Individuals with a family history of glaucoma;
- African-Americans age 50 and older; and
- Hispanic-Americans age 65 and older.

A covered glaucoma screening includes:

- A dilated eye examination with an intraocular pressure (IOP) measurement; and
- A direct ophthalmoscopy examination or a slit-lamp biomicroscopic examination.

### **What Can You Do?**

As a trusted source of health care information, your patients rely on their physician's or other health care professional's recommendations. CMS needs your help to ensure that all eligible people with Medicare take full advantage of the annual glaucoma screening benefit. Talk to your Medicare patients that are in the high risk groups identified above about their risk for glaucoma and encourage them to get regular yearly glaucoma screening examinations.

### **For More Information**

- For more information about Medicare's coverage of glaucoma screening, visit the CMS website <http://www.cms.hhs.gov/GlaucomaScreening/>
- CMS has also developed a variety of educational products and resources to help health care professionals and their staff become familiar with coverage, coding, billing, and reimbursement for all preventive services covered by Medicare.
  - The MLN Preventive Services Educational Products Web Page ~ provides descriptions and ordering information for all provider specific educational products related to preventive services. The web page is located at [http://www.cms.hhs.gov/MLNProducts/35\\_PreventiveServices.asp](http://www.cms.hhs.gov/MLNProducts/35_PreventiveServices.asp) on the CMS website.
  - The CMS website provides information for each preventive service covered by Medicare. Go to [www.cms.hhs.gov](http://www.cms.hhs.gov), select "Medicare", scroll down to the "Prevention" heading.

**Update Information Regarding Fix to Correct National Provider Identifier (NPI) Information within the 837 Institutional Crossover Claim File**

The following message is an update to a previous message sent to you on November 3, 2006, regarding the repair and retransmission of 837 institutional crossover claims that contained non-compliant national provider identifier values.

The Centers for Medicare & Medicaid Services (CMS) has been monitoring the progress of its Part A Medicare contractors and their associated Data Centers with respect to installation of the Fiscal Intermediary Shared System (FISS) fix to ensure that all future Part A 837 COB claims will be devoid of zero-filled NPI values. All Medicare contractors have installed the fix, with the majority having done so on or before November 11, 2006. CMS has also been closely monitoring the progress of its Part A Medicare contractors and their Data Centers with respect to the repair and retransmission of the Part A 837 COB claims that contained the non-compliant NPI values. Though a large number of Part A contractors have successfully repaired and retransmitted their 837 COB claims that had contained the NPI problem, the following contractors, representing the states indicated, have been unable to successfully repair and retransmit their problem NPI claims through the COBA process:

- Cahaba Government Benefits Administrator (Iowa and South Dakota #00011)
- Kansas Blue Cross/Wheatland Administrators (Kansas #00150)
- Nebraska Blue Cross (Nebraska #00260)
- Noridian Administrative Services (Arizona #03001, Montana #03201, Oregon/Idaho #00325, Utah #03501, and Wyoming #03061)
- Palmetto Government Benefits Administrator (North Carolina #00382– only claims paid by Medicare on October 27, 2006, were repaired and transmitted to supplemental payers.)

Providers that would have billed claims to one of these Medicare Part A contractors during the period from October 1, 2006, to November 11, 2006, and that have not received reimbursement on these claims from their patients' supplemental insurers/payers (including Medicaid) should now bill them for supplemental payment.

Since Cahaba GBA for Iowa and South Dakota apparently did not install the fix to correct the NPI problem until approximately November 25, 2006, providers that would have billed claims to Cahaba GBA for Medicare reimbursement from October 1, 2006, to November 25, 2006, and have not received reimbursement on these claims from their patients' supplemental insurers/payers should now bill them for supplemental claim payment (claims submitted to Cahaba GBA from October 1, 2006, to November 25, 2006).

**Importance of Keeping Supplier Information Current**

DMEPOS supplier standard # 2 requires ALL supplies to notify the NSC of any change to the information provided on the CMS 855S application form within 30 days of the change. This is especially important for suppliers who will be involved in the Medicare DMEPOS Competitive Bidding Program. These suppliers must ensure the information listed on their supplier files is accurate to enable participation in this program.

The Medicare DMEPOS Competitive Bidding Program will be phased in beginning in 2007.

Suppliers must understand the importance of keeping their supplier information current. Information and instructions on how to submit a change of information may be found on the NSC Web site ([www.palmettogba.com/nsc](http://www.palmettogba.com/nsc)) and by the following this path: Supplier Enrollment/Change of Information/Change of Information Guide. For more information on the Medicare DMEPOS Competitive Bidding Program please visit the CMS Competitive Bidding Web site ([www.cms.hhs.gov/CompetitiveAcqforDMEPOS/](http://www.cms.hhs.gov/CompetitiveAcqforDMEPOS/)).

**Flu Shot Reminder** - It's Not Too Late to Get the Flu Shot. We are in the midst of flu season and a flu vaccine is still the best way to prevent infection and the complications associated with the flu. But re-vaccination is necessary each year because the flu viruses change each year. Encourage your Medicare patients who haven't already done so to get their annual flu shot and don't forget to immunize yourself and your staff. **Protect yourself, your patients, and your family and friends. Get Your Flu Shot. It's Not Too Late!** Remember - Influenza vaccination is a covered Part B benefit. Note that influenza vaccine is NOT a Part D covered drug. For more information about Medicare's coverage of adult immunizations and educational resources, go to CMS's website: <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0667.pdf> .

## **New MLN Matters Article Available**

A new Special Edition *MLN Matters* article is now posted on the CMS website with important information for Medicare providers, as well as information that may be helpful for all health care providers. You can view this article by visiting <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0679.pdf> on the CMS website.

## **WEDI NPI Readiness Survey Now Open**

This is the last in a series of WEDI surveys to measure the healthcare industry's ability to meet the May 23, 2007 NPI implementation deadline. You can take the survey by visiting <http://www.surveymonkey.com/s.asp?u=64993103585> on the web. Please note that the survey is only open until Friday, January 19<sup>th</sup>.

## **Upcoming WEDI Events**

WEDI will host the WEDI NPI Industry Forum on February 12<sup>th</sup> and an audiocast on the impact of the NPI on standard transactions on February 28<sup>th</sup>. Visit the WEDI website for more details at <http://www.wedi.org/npioi/index.shtml> on the web. Please note that there is a charge to participate in WEDI Events.

## ***Still Confused?***

Not sure what an NPI is and how you can get it, share it and use it? As always, more information and education on the NPI can be found at the CMS NPI page [www.cms.hhs.gov/NationalProvIdentStand](http://www.cms.hhs.gov/NationalProvIdentStand) on the CMS website. Providers can apply for an NPI online at <https://nppes.cms.hhs.gov> or can call the NPI enumerator to request a paper application at 1-800-465-3203.

## **CMS Releases U.S. Health Spending Estimates Through 2006**

Health care spending growth in the United States slowed for the third consecutive year in 2005, increasing 6.9 percent compared to 7.2 percent growth in 2004 and 8.1 percent in 2003, the Centers for Medicare & Medicaid services (CMS) reported today.

The 6.9 percent growth in 2005 marks the slowest rate of growth in health spending since 1999, when growth was 6.2 percent. Health care spending reached almost \$2.0 trillion in 2005, or \$6,697 per person, up from \$6,322 per person in 2004.

The findings can be found in a report by CMS' Office of the Actuary, released today in the Journal of Health Affairs.

**Medicare Part D Update**

**NO MEDICARE PART D LATE FEE  
FOR LOW-INCOME ENROLLEES, CMS SAYS**

CMS Acting Administrator Leslie V. Norwalk announced the elimination of the 2007 late enrollment penalty for any beneficiary eligible for the low income subsidy for a Part D plan even if they failed to sign up by the program's initial deadline.

Generally, Medicare beneficiaries who are qualified to join a prescription drug plan, or Part D, but choose not to enroll during their initial enrollment period, may be subject to a late enrollment penalty (LEP). These fees were intended to encourage Medicare beneficiaries to sign up for the drug coverage plan when they first become eligible, but may cause some low-income beneficiaries to avoid seeking coverage.

By taking today's action, CMS is continuing the same protection against the LEP for low-income Medicare beneficiaries as it did during last year's launch of the massive new program. Under the initiative announced today, certain low-income Medicare beneficiaries can enroll in a Medicare prescription drug plan with no penalty through December 31, 2007.

**New Products from the Medicare Learning Network**

The *Medicare Learning Network's* newest educational video program, *An Overview of Medicare Preventive Services for Physicians, Providers, Suppliers, and Other Health Care Professionals* provides an overview of preventive services covered by Medicare and information on risk factors associated with various preventable diseases, and highlights the importance of prevention, detection, and early treatment of disease. The program is a great resource to help physicians, providers, suppliers, and other health care professionals involved in providing preventive services to Medicare beneficiaries learn more about the preventive benefits covered by Medicare.

The video program runs approximately 75 minutes in length and is suitable for viewing by an individual or for a larger audience such as at a conference or training session. CMS has approved this educational video program for .1 International Association for Continuing Education and Training (IACET) CEUs for successful completion. To order your copy today, go to the Medicare Learning Network Product Ordering page at [http://cms.meridianksi.com/kc/main/kc\\_frame.asp?kc\\_ident=kc0001&loc=5](http://cms.meridianksi.com/kc/main/kc_frame.asp?kc_ident=kc0001&loc=5) on the CMS website. Available in DVD or VHS format.

*The Centers for Medicare & Medicaid Services (CMS) has been reviewed and approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 1620 I Street, NW, Suite 615, Washington, DC 20006. The Centers for Medicare & Medicaid Services (CMS) has awarded .1 of CEU's to participants who successfully complete this program. Credit expires July 4, 2009. The authors of this program have no conflicts of interest to disclose. This course was developed without the use of any commercial support.*

**A Message for Medicaid Providers Regarding Section 6032 of the Deficit Reduction Act**

The Centers for Medicare & Medicaid Services (CMS) understands the interest and concern over the implementation of Section 6032 of the Deficit Reduction Act. Further guidance will be forthcoming soon. In the interim, any questions or concerns may be directed to the following e-mail address: [Medicaid\\_integrity\\_program@cms.hhs.gov](mailto:Medicaid_integrity_program@cms.hhs.gov). No questions will be answered individually prior to the issuance of additional guidance. However, we will make every reasonable attempt to consider any questions or issues raised through an e-mail to that address.

### Important Modifier Notice for Participating CAP Physicians

*In Change Request (CR) 5332 (Transmittal 1088) "Instructions for the Coordination of Medicare Secondary Payer (MSP) claims for the Competitive Acquisition Program (CAP)", issued October 27, 2006, the Centers for Medicare & Medicaid Services (CMS) indicated that, under certain circumstances, a participating CAP physician may procure a CAP drug from a source other than the CAP vendor because of a mistake in identifying the patient's primary insurer. Under these unusual circumstances, CR 5332 instructed CAP physicians to use the J3 modifier to receive payment for the drug at the non-CAP rate. However, CR 5332 further indicated that a new modifier would be created in the near future for the situation described above.*

*Please take note that the new modifier—M2—has been created and effective January 1, 2007, participating CAP physicians must use the M2 modifier when billing for the unusual circumstances identified above. Medicare will no longer accept the J3 modifier for this purpose.*

Your Latest NPI Update!

## ***NPI: Get It. Share It. Use It.***

Failure to prepare could result in a disruption in cash flow. Will you be ready to use your NPI? Time is running out!

To date, over 1.6M providers have obtained an NPI. Now, only 120 days are left to implement the NPI into business practices prior to the compliance date. A recent survey of the health care industry, conducted by the Workgroup for Electronic Data Interchange (WEDI), indicates that providers should have already obtained an NPI and be focusing on implementation and testing with health plans and clearinghouses. If you have not obtained your NPI by now you should do so immediately so that you can begin the implementation and testing process

### **Reminder to Supply Legacy Identifiers on NPI Application**

CMS continues to urge providers to include legacy identifiers, as well as associated provider identifier type(s), on their NPI applications. This will help all health plans, including Medicare, to get ready for May 23, 2007. If reporting a Medicaid legacy number, include the associated State name. If providers have already been assigned NPIs, CMS asks them to go back into the NPPES and update their information with their legacy identifiers if they did not include those identifiers when they applied for NPIs. Providers should make sure that these legacy identifiers are the ones used to bill for services and should be sure that the NPPES is updated with this information for all health plans. This information is critical for health plans and health care clearinghouses in the development of crosswalks to aid in the transition to the NPI.

### **New *MLN Matters* Article Available**

A new Special Edition *MLN Matters* article is now posted on the CMS website with important implementation information for Medicare providers, as well as information that may be helpful for all health care providers. You can view this article by visiting <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0679.pdf> on the CMS website.

### **Upcoming WEDI Events**

WEDI will host the WEDI NPI Industry Forum on February 12<sup>th</sup>, an audio cast on the impact of the NPI on standard transactions on February 28<sup>th</sup>, as well as a question and answer session on

March 21<sup>st</sup>. Visit the WEDI website for more details at <http://www.wedi.org/npioi/index.shtml> on the web. Please note that there is a charge to participate in WEDI Events.

### ***Still Confused?***

Not sure what an NPI is and how you can get it, share it and use it? As always, more information and education on the NPI can be found at the CMS NPI page [www.cms.hhs.gov/NationalProvIdentStand](http://www.cms.hhs.gov/NationalProvIdentStand) on the CMS website. Providers can apply for an NPI online at <https://nppes.cms.hhs.gov> or can call the NPI enumerator to request a paper application at 1-800-465-3203.

***Getting an NPI is free - not having one can be costly.***
