Announcements

New: Upcoming COCA Call - Electronic Health Records (EHR)

Title: Leveraging the Electronic Health Record for Public Health Alerting

Date: Tuesday, June 22, 2010

Time: 1:00 pm - 2:00 pm (Eastern Time)

Call Number: 1-888-790-6180

Passcode: 1281914

Please join us for this informative COCA conference call. A CDC subject matter expert will discuss both strategies to increase compliance with public health recommendations and guidelines, and the role of EHR systems in improving dissemination of public health information at point-of-care.

2010 Summer Institute for Public Health Practice

Date: August 9 - 13, 2010

Location: Seattle, WA - University of Washington

Registration is now open for the 2010 Summer Institute for Public Health Practice at the University of Washington. The Summer Institute is a learning tradition designed to meet the needs of public health practitioners. All participants from each area of study attend the plenary sessions, which includes the Deputy Director of the Office for State, Tribal, Local and Territorial Support at the Centers for Disease Control and Prevention.

Advisory Committee on Immunization Practices (ACIP) Meeting

Date: June 23 - 24, 2010

Location: Atlanta, GA

The Advisory Committee on Immunization Practices (ACIP) consists of 15 experts in fields associated with immunization, who have been selected by the Secretary of the U. S. Department of Health and Human Services to provide advice and guidance to the Secretary, the Assistant Secretary for Health, and the Centers for Disease Control and Prevention (CDC) on the control of vaccine-preventable diseases. The Committee develops written recommendations for the routine administration of vaccines to children and adults in the civilian population.

2010 International Conference on Emerging Infectious Diseases (CDC)

Date: July 11 - 14, 2010

Location: Atlanta, GA

The International Conference on Emerging Infectious Diseases brings together public health professionals to encourage the exchange of scientific and public health information on global emerging infectious disease issues. The program will include plenary and panel sessions with invited speakers as well as oral and poster presentations on emerging infections. Major topics to be included are current work on surveillance, epidemiology, research, communication and training, bioterrorism, and preventions and control of emerging infectious diseases, both in the United States and abroad. *Continuing education for this activity is pending.*

Early Childhood 2010: *Innovation for the Next Generation* (HHS/USDOED)

Date: August 3 - 4, 2010

Location: Washington, D.C

The interdepartmental Early Childhood 2010 meeting will bring together federal staff, state and local partners, and other stakeholders. Through plenary session, workshops, meetings, and networking opportunities, participants will discuss evidence-based practices and work toward a shared vision that is consistent across early childhood systems. A major objective of this meeting is to improve collaboration and partnerships at the federal, state, and community levels.

National Conference on Health Communication, Marketing, and Media (CDC)

Date: August 17 - 19, 2010

Location: Atlanta, GA

The Centers for Disease Control and Prevention is pleased to announce the fourth annual National Conference on Health Communication, Marketing, and Media. This conference brings together individuals representing academia, public health researchers and practitioners from federal and state governments and the private sector, and provides a forum for collegial dialogue within and across these disciplines. The conference is an excellent opportunity to meet with colleagues and shape the future of

health communication, marketing, and media practice.

CDC Public Health Grand Rounds - Child Survival (CDC)

Date: July 15, 2010

Time: 9:00 am – 10:15 am (Eastern Time)

The Public Health Grand Rounds is a monthly series created to further strengthen CDC's common scientific culture and foster discussion and debate on major public health issues. This session of the Public Health Grand Rounds will focus on key issues and challenges related to child survival topics.

Watch live and archived broadcasts at: www.cdc.gov/about/grand-rounds

CDC Public Health Grand Rounds - Vitamin D (CDC)

Date: August 19, 2010

Time: 9:00 am – 10:15 am (Eastern Time)

The Public Health Grand Rounds is a monthly series created to further strengthen CDC's common scientific culture and foster discussion and debate on major public health issues. This session of the Public Health Grand Rounds will focus on key issues related to Vitamin D, including cutting-edge scientific evidence and potential impact of different interventions.

Watch live and archived broadcasts at: www.cdc.gov/about/grand-rounds

Emergency Management Institute (EMI) - FEMA

Emergency Management Institute (EMI) offers self-paced courses designed for people who have emergency management responsibilities and the general public. All are offered free-of-charge to those who qualify for enrollment.

<http://www.training.fema.gov/>

NTPI Training Opportunities

First responders enrolled in National Terrorism and Preparedness Institute (NTPI) online courses can earn continuing education units (CEUs) from St. Petersburg College. Once the final assessment for a course has been successfully completed, a course completion certificate is available for printing. First responders can access online courses via the ANGEL system. A user account is required as well as verification that the course participant works for a first responder agency.

<http://terrorism.spcollege.edu/SiteMap.aspx>

National Environmental Health Association (NEHA) e-Learning

With NEHA e-Learning, you can experience experts from leading organizations addressing today's most pressing environmental health topics from anywhere there is online access. Watch the speaker along with his or her slide presentation and the audience feedback. The slides and reference materials are downloadable, and if you need continuing education (CE) credits, both course certificates and CE credits are available.
