<http://www2a.cdc.gov/PHTN/webcast/immupdate2009/default.asp#>

Influenza Preparedness - North Carolina Center for Public Health Preparedness (NCCPHP)

The NCCPHP Training web site has provided a list of relevant trainings on influenza preparedness and a training series, pandemic influenza preparedness for local health departments.

<http://nccphp.sph.unc.edu/training/index.php>

Emergency Use Authorization Online Course - Food and Drug Administration (FDA) and Centers for Disease Control and Prevention (CDC)

An Emergency Use Authorization (EUA) online course has been developed by the FDA and CDC to provide public health officials, emergency managers, or Strategic National Stockpile coordinators with an introduction to the Emergency Use Authorization of medical products.

<http://emergency.cdc.gov/training/eua/index.html>

Tools and Resources to Help Communities Prepare for Hurricane Season - Agency for Healthcare Research and Quality (AHRQ)

These AHRQ tools and resources can help community planners develop strategies for emergency response and provide needed care during a hurricane or other natural disaster. Access tools and resources, including web conference recordings and slide presentations of *Lessons Learned from the Field of Emergency Preparedness* and *Planning and Practicing for a Disaster*.

<http://www.ahrq.gov/prep/hurricane.htm>

Mass Casualty Medical Command - South Central Public Health Partnership

This course is intended for pre-hospital care providers who may be called on to respond to a mass casualty incident when large numbers of victims are injured or exposed to a natural or man made disaster.

<http://marketing.southcentralpartnership.org/200807/>

EM 108: Emergency Preparedness for Health Care with NIMS - Yale New Haven Health Center for Emergency Preparedness and Disaster Response

This course is designed to help health care workers understand their role in providing continuous care for patients in the event of an emergency.

<http://ynhhs.emergencyeducation.org/>

EM 142: Incident Command Systems for Health Care with NIMS - Yale New Haven Health Center for Emergency Preparedness and Disaster Response

This course is designed for all those who may serve in a leadership role in a health care organization during an emergency or a disaster.

<http://ynhhs.emergencyeducation.org/>

Preparedness Training Websites

Centers for Public Health Preparedness (CPHP)

The primary focus of CPHP program activities is the delivery of education, training, and dissemination of new information related to enhancing emergency preparedness and response.

<http://emergency.cdc.gov/cotper/cphp/centers.asp>

Public Health Training Centers - HRSA Bureau of Health Professionals

Public Health Training Centers assess the learning needs of the public health workforce and provide training to meet them. State and Federal agencies can use the resources of the Public Health Training Centers to provide foundational public health training to the public health workforce.

<http://bhpr.hrsa.gov/publichealth/phtc.htm>

NACCHO Advanced Practice Centers (APC) Training Websites

The mission of the APC Program is to promote innovative and practical solutions that enhance the capabilities of all local health departments and the public health system to prepare for, and respond to, and recover from public health emergencies.

<http://www.naccho.org/topics/emergency/APC/index.cfm>

Partners in Information Access for the Public Health Workforce

A collaboration of U.S. government agencies, public health organizations and health sciences libraries. Links to educational events and resources, including opportunities for distance learning.

<http://phpartners.org/educ.html>

Public Health Preparedness - Conference and Meeting Archive - AHRQ

Access audio from past AHRQ conferences and meetings, including topics such as Providing Mass Medical Care with Scarce Resources; Hospital Surge Capacity; and Bioterrorism and Health System Preparedness.

<http://www.ahrq.gov/prep/#audio>

National Resource Center on Advancing Emergency Preparedness for Culturally Diverse Communities

The mission of the National Resource Center is to serve as a central clearinghouse of resources and an information exchange portal to facilitate communication, networking and collaboration to improve preparedness, build resilience and eliminate disparities for culturally diverse communities across all phases of an emergency.

http://www.diversitypreparedness.org/Resources/23/resourceTypeId_7781/

Homeland Defense Training and Publishing™

Homeland Defense Security Training offers security training on the topic areas of Emergency Preparedness, Mass Casualty Special Needs, and CBRNE WMD. Training center located in Arlington, VA. Homeland Defense Security Training also brings these courses to states, federal agencies and corporations worldwide for in-house private training.
