

CDC Resources for Clinicians Treating Individuals Returning From Haiti

Below is a list of resources for potential infectious diseases that patients arriving from Haiti may present.

Typhoid

- Typhoid and Paratyphoid Fever
<http://wwwnc.cdc.gov/travel/yellowbook/2010/chapter-2/typhoid-paratyphoid-fever.aspx>

Hepatitis

- Hepatitis ABC Fact Sheet
http://www.cdc.gov/hepatitis/Resources/Professionals/PDFs/ABCTable_BW.pdf

Tuberculosis

- TB Guidance for Haiti Earthquake Responders
<http://www.cdc.gov/tb/NewsandAnnouncements/earthquakes.htm>
- TB-Elimination: Diagnosis of Tuberculosis Disease
<http://www.cdc.gov/tb/publications/factsheets/testing/diagnosis.pdf>

Malaria

- Treatment of Malaria (Guidelines for Clinicians)
<http://www.cdc.gov/malaria/pdf/clinicalguidance.pdf>

Dengue

- Dengue Information for Healthcare Practitioners
http://www.cdc.gov/dengue/resources/Dengue&DHF%20Information%20for%20Health%20Care%20Practitioners_2009.pdf

Diphtheria

- Diphtheria Information
http://www.cdc.gov/ncidod/dbmd/diseaseinfo/diphtheria_t.htm

Leptospirosis

- Leptospirosis Information
http://www.cdc.gov/ncidod/dbmd/diseaseinfo/leptospirosis_t.htm

Lymphatic Filariasis

- Lymphatic Filariasis Information
http://www.cdc.gov/ncidod/dpd/parasites/lymphaticfilariasis/factsht_lymphatic_filar.htm

The following resources were developed for other types of disasters but have information that can be applied to Haiti response efforts.

- Medical Management and Patient Advisement After a Disaster
<http://emergency.cdc.gov/disasters/management.asp>
- Post Disaster Medical Screening: NIOSH Guidance for Post-exposure Medical Screening of Workers Leaving Hurricane Disaster Recovery Areas
<http://www.cdc.gov/niosh/topics/emres/pdfs/Medscreenwork.pdf>
