Within the transcript, we have identified several places where we feel clarification is needed.

1. On *Pages 3-12 and 21- 25* of the transcript, *During the presentations on Meaningful Use and Payment Adjustments/Hardship Exceptions, the speaker referred to a slide number that was one less than the actual slide. For example, if he referred to slide 15, the number of the correct slide was 16. Other speakers referred to the correct slide numbers. CMS regrets the errors.*
2. On *Page 15*, in the next to the last paragraph:  
CLARIFICATION: the reference should have been to the Medicare Shared – SSP.  
.”
3. On *Page 4, 5 and 32 CLARIFICATION:* Meaningful use requirements are more flexible for Medicaid than Medicare. In Medicaid, you can skip a year (or more) of participation and pick up where you left off in terms of the next payment and meaningful use stage.
