Agenda

- Overview of Hospital Appeals Settlement
- Eligibility Review
- Process Review
- Questions and Answers

Overview

- Beginning December 1st, 2016, CMS began allowing eligible providers to settle their inpatient status claims using an administrative settlement process similar to the process used to resolve such claims in 2014.
- Current status of settlement
 - Expressions of Interest Received
 - Problems in Process

Settlement Details

- The settlement is 66% of the net payable amount of denied inpatient claims
- Hospitals agree to dismissal of all associated appeals
- Hospitals and CMS accept the settlement as final administrative and legal resolution of eligible claims

Eligible Providers

- The following facility types are generally ELIGIBLE to submit an Expression of Interest:
 - Acute Care Hospitals, including those paid via Prospective Payment System (PPS), Periodic Interim Payment (PIP), and Maryland waiver;
 - Critical Access Hospitals (CAH)
- The following facility types are NOT ELIGIBLE to submit an Expression of Interest:
 - Psychiatric hospitals paid under the Inpatient Psychiatric Facilities Prospective Payment System (IPF PPS);
 - Inpatient Rehabilitation Facilities (IRFs);
 - Long-Term Care Hospitals (LTCHs);
 - Cancer hospitals; and
 - Children’s hospitals.

Eligible Claims

1. Denied by a MAC, RAC, CERT, OIG, or ZPIC
2. For Fee-for-Service Medicare
3. Denied based on “patient status”
4. Date of Admission prior to 10/1/2013
5. The hospital timely appealed the denial
6. As of the date the hospital submitted the initial agreement to CMS, the appeal was still pending or the hospital had not yet exhausted its appeal rights
7. The hospital did not receive payment for the service as a Part B claim

Proposed Settlement: Initiation of Process

- Hospitals will complete an Expression of Interest, this document can be found at <http://go.cms.gov/HASP2016>
- The Subject Line of the Email to CMS should include; *“Provider Name-Provider Number (6-digit PTAN)- Expression of Interest”*
- Completed Expressions of Interest should be emailed to CMS at MedicareAppealsSettlement@cms.hhs.gov on or before **JANUARY 31, 2017**

Proposed Settlement: CMS Creates List

- CMS receives Expression of Interest and generates list of potentially eligible claims
- If Hospital meets eligibility criteria, CMS will email a copy of the Administrative Agreement and a spreadsheet listing claims eligible for settlement to the Hospital

Otherwise eligible providers may be excluded from this settlement process based on pending False Claims Act cases or other investigations

Proposed Settlement: Hospital Validates List

- Hospital receives Administrative Agreement and spreadsheet and reviews spreadsheet for accuracy
 - If Hospital is in agreement with claims included on spreadsheet, Hospital signs Administrative Agreement and sends back to CMS at MedicareAppealsSettlement@cms.hhs.gov within 15 calendar days
 - The Provider should reply to the email received from CMS
 - If Hospital finds discrepancies on the claim spreadsheet, they must fill out the *Eligibility Determination Request* located on the HASP website and submit to CMS within 15 calendar days

Proposed Settlement: Administrative Agreement

- CMS receives signed Administrative Agreement and counter signs the Agreement
- Hospital's appeals included on agreed upon spreadsheet are pended to not be worked as active appeals
- Administrative Agreement and Spreadsheet are sent to Hospital's Medicare Administrative Contractor (MAC) for processing, final validation, and payment

Proposed Settlement: Payment & Appeal Dismissal

- Payment will be made within 180 days of the CMS signature on the Administrative Agreement.
- Single payment (EFT or otherwise) per hospital provider number or per owner or operator of multiple setting hospitals
 - If any disagreement in payment amount on remit or final spreadsheet, providers should contact their MAC
- Appeals are dismissed following payment
