

# Medicare Learning Network® (MLN) Event Presentation & Transcript Clarification

**Event Title:** [Quality Payment Program Year 2 Proposed Rule Listening Session](#)

**Event Date:** July 5, 2017

## Clarifications

### Presentation

#### **Slide 29**

References to Health Professional Shortage Areas (HPSAs) were removed.

### Transcript

#### **Transcript Page 12, third paragraph**

Currently reads: “And we’ve also proposed a new category of exceptions for MIPS-eligible clinicians that are either in a small practice or in a **HPSA area**. If those clinicians are in a small practice or **HPSA area**, they would have the ability to reweight the Advancing Care Information performance category to zero and redistribute those points to the Quality performance category.”

#### **Correction – Page 12, third paragraph**

Should read: “And we’ve also proposed a new category of exceptions for MIPS-eligible clinicians that are in a small practice. If those clinicians are in a small practice, they would have the ability to reweight the Advancing Care Information performance category to zero and redistribute those points to the Quality performance category.”
