Open Payments Overview

Industry and Physician Relationships

- Collaborations between physicians and the medical industry can be beneficial by promoting **discovery and development** of new technologies that improve health and/or lower costs
- But, financial relationships may also influence professional judgment and **conflicts of interest** can potentially arise

Statute and Regulation

- Section 6002 of the Patient Protection and Affordable Care Act (Transparency Reports and Reporting of Physician Ownership or Investment Interests)
- **Final Rule:** Medicare, Medicaid, Children's Health Insurance Programs; Transparency Reports and Reporting of Physician Ownership or Investment Interests
 - Published Feb. 8, 2013

Program Objectives

Open Payments is a national transparency program requiring **certain manufacturers and group purchasing organizations** to disclose their financial relationships with **physicians and teaching hospitals**

Objectives

- Make certain financial relationships transparent on a national scale
- Give consumers the information needed to ask questions and make more informed decisions about their healthcare professionals

CMS' Role

- Remain neutral and present the data on a public website
- Ensure reporting and disclosure are complete, accurate, and clear

Program Requirements

- **Applicable manufacturers of covered products AND entities under common ownership with applicable manufacturers who also provide assistance and support are required to annually report to CMS:**
 - Payments or other transfers of value made to **physicians and teaching hospitals**
 - Certain ownership or investment interests held by **physician owners or investors or their immediate family members**
- **Applicable group purchasing organizations (GPOs) are required to annually report to CMS:**
 - Payments or other transfers of value made to physician owners or investors
 - Certain ownership or investment interests held by physician owners or investors and their immediate family members

Physician/Teaching Hospital Registration Overview & Instructions

Physician/Teaching Hospital Registration Overview

- Registration is **required** for physicians and teaching hospitals to review or dispute the following information reported about them by applicable manufacturers and GPOs:
 - Payments made to physicians and teaching hospitals,
 - Other transfers of value made to physicians and teaching hospitals, or
 - Ownership or investment interests held by physicians or their immediate family members
- Registration will be conducted in two phases this first reporting year:
 - Phase 1—CMS Portal Registration (EIDM)
 - Phase 2—Open Payments System Registration; and, Review and Dispute Process

Phase 1: Registration for CMS' Enterprise Portal

Registration for CMS' Enterprise Portal (EIDM)

- Began on June 1, 2014
 - Physicians and teaching hospitals register in EIDM
 - Request access to the Open Payments system via EIDM

Phase 1: EIDM New User Registration

- EIDM registration is required for access to the Open Payments system
- EIDM registration process is the same for all users
- You may already have an EIDM account if you use the Health Insurance Oversight System (HIOS), the Medicaid and CHIP Program System (MACPro), or other CMS systems

Phase 1: EIDM Identify Verification Overview

- CMS' EIDM is how CMS verifies user identities
- Identity verification is the process of providing information (e.g., identity history, credentials, or documents) for the purpose of proving that a person is the same person he or she claims to be
- Individuals requesting electronic access to CMS protected information or systems must first have their identities verified

Phase 1: EIDM Identify Verification Overview (cont.)

- All users who register for EIDM have their identities verified
- EIDM matches information entered by users to information provided by Experian
- Out of Wallet (OOW) questions are also used to verify identity
- OOW questions ask for private data and contain information pulled from your credit report such as:
 - Mortgage lender name
 - Previous employer name
 - Auto lender name
- OOW questions and answers are shared **only** between the EIDM registrant and the verification service provider, Experian; the information will **not** be stored in EIDM or in the Open Payments system.

Phase 1: EIDM Identify Verification Overview (cont.)

- A soft credit inquiry will be made during EIDM registration
- Soft credit inquiries are visible only to the EIDM registrant and **only** appear on credit reports produced by Experian (shown as an inquiry made by CMS). They are not visible to lenders. If you order a credit report from Experian, you will see an entry of inquiry by the Centers for Medicare & Medicaid Services with CMS's address and the date of request.
- Identity proofing does **not** affect credit score
- Contact Experian Proofing Support Services for assistance with failed identity proofing (1-866-578-5409)

Phase 1: Key EIDM Registration Steps

Key steps in the process:

1. Go to CMS Enterprise Portal (<https://portal.cms.gov>) and Select “New User Registration”
2. Accept Terms & Conditions
3. Enter Personal Information
4. Select User ID, Password, and Challenge Questions
5. Registration Complete
6. Log out

Use the [Phase 1 Step-by-Step CMS Enterprise Portal Registration for Physicians and Teaching Hospitals presentation](#) for guidance on how to complete Phase 1 registration

Dear Jane Taylor

Thank you for registering. The User ID that you have chosen is OUTUSER21. You can log in to the CMS Portal using the following link with your User ID and Password.

Please keep this E-mail for your records.

<https://portalval.cms.gov>

Thank you,
CMS Enterprise Identity Management System

Please do not reply to this system generated E-mail.

Phase 1: Unsuccessful EIDM Registration

- Individuals with addresses outside of the United States may not register successfully in EIDM
- They should contact the Open Payments Help Desk for assistance with EIDM registration
- Any additional EIDM issues should be directed to the Open Payments Help Desk at openpayments@cms.hhs.gov or 1-855-326-8366, Monday through Friday, from 7:30 a.m. to 6:30 p.m. (CT), excluding Federal holidays

Phase 2: Open Payments System Registration

- Began on July 14, 2014
 - Physicians and teaching hospitals use EIDM registration credentials to register in the Open Payments system
 - Once physicians and teaching hospitals are registered in the Open Payments system, they are able to participate in the review and dispute process

Note: EIDM registration is a required first step before Open Payments system registration

Phase 2: Open Payments System Access

- Request for this access can occur only after EIDM registration is successful
- Request for this access is made through the CMS Enterprise Portal (EIDM)

Use the [Phase 1 Step-by-Step CMS Enterprise Portal Registration for Physicians and Teaching Hospitals presentation](#) for guidance on how to complete Phase 1 registration and how to request access to the Open Payments system

Phase 2: Physician Registration—Open Payments System Overview

- Physicians may register for the Open Payments system if they wish to review and dispute any information reported about them in the Open Payments system prior to its publication
- Registration creates a profile for the physician in the Open Payments system
- All physician profiles will be vetted to ensure the physician's identity
- Vetting occurs after the physician completes and submits his or her profile in the Open Payments system
- If the physician profile is modified, it may trigger re-vetting

Phase 2: Physician Registration—Open Payments System Overview (Cont.)

- Physicians will be vetted using profile information including:
 - Business address
 - National Provider Identifier (NPI)
 - Drug Enforcement Agency (DEA) number
 - State license information
- Vetting will take roughly 24 hours
- Provide as much information as possible, as more information speeds vetting and ensures all records associated with you will be matched to your profile
- Vetting must be successful in order for the physician to perform actions within the Open Payments system before the authorized representative can do anything in the Open Payments system
- If vetting remains unsuccessful, physicians should contact the Open Payments Help Desk for assistance (openpayments@cms.hhs.gov)

Phase 2: Physician Registration—Open Payments System Overview (Cont.)

- One authorized representative can be nominated
- Registration must be completed in one sitting (there is no option to save and return at a later time)
- Not all registration fields are required

Phase 2: User Roles for Physicians

User Role	Function
Physician	<ul style="list-style-type: none">• Registers him- or herself in the system• Nominates an authorized representative• Has full access to review and dispute records
Authorized Representative	<ul style="list-style-type: none">• Allowed activities depend upon access levels granted by physician:<ul style="list-style-type: none">— <u>Read-only</u>: (default) Able to see a physician’s “My Profile” and records information— <u>Modify Profile</u>: Able to edit or enter a physician’s “My Profile” information (NPI, license, specialties, etc.)— <u>Dispute Records</u>: Able to dispute records related to the physician submitted by reporting entities• Access levels are separate; having “dispute records” access does not automatically include “modify profile” access, or vice versa• Must be nominated by the physician

Review & Dispute Overview/Instructions

Review and Dispute Scenario

Applicable
Manufacturer

Physician

Review and Dispute Impact on Publication

- Corrections made after the initial 45-day review and dispute period will not be reflected in the Sept. 2014 public posting
- Data corrections made by reporting entities may be made at any time and the corrections will be updated in the next publication of the data
- CMS will update data from the current and previous year at least once annually, in addition to the initial data publication that followed the data submission
- In the cases where a dispute cannot be resolved, the latest, attested-to data submitted by the reporting entity will be published and identified as under dispute

Review and Dispute Overview

- Physicians and teaching hospitals can review and dispute records of payments or other transfers of value and physician ownership or investment interest submitted about them by reporting entities
- Reporting entities submitted data for the period Aug. 1- Dec. 31, 2013 (Program Year 2013)
- Physicians and teaching hospitals will need to work directly with reporting entities to resolve disputes initiated.
- CMS will not mediate the dispute resolution process between a physician and a reporting entity.
- In the Open Payments system, users may perform certain actions for each record

Reporting Entities	Physicians and Teaching Hospitals
<ul style="list-style-type: none">• Acknowledge Disputes• Resolve Disputes	<ul style="list-style-type: none">• Affirm Records• Initiate Disputes• Withdraw Disputes

Review and Dispute Overview (Cont.)

- The review and resolution period for program year 2013:
 - 45 days for review, dispute, and correction
 - 15 additional days (immediately following the 45 day period) for reporting entities to continue to make corrections
- Changes made to records during this period will be included in the Sept. 2014 data publication
- Records that remain under dispute at the end of this period will be identified as disputed in the Sept. 2014 data publication
- Review and resolution capabilities are open year-round
- Disputes initiated after the 45-day review and dispute period may not be included in the Sept. 2014 publication of data, but will be included in the next publication of data

Review and Dispute Overview (Cont.)

How the dispute initiation and resolution timing affects the public display of data, providing that the dispute required correction to the data to be resolved.

- If a physician or teaching hospital disputes a record within 45-day initial review, dispute, and correction period (7/14 – 8/27/2014), and if the dispute status of the record on 9/11/2014 is:
 - Resolved then the corrected record is published as non-disputed on September 30, 2014.
 - Not resolved then the originally reported record is published as disputed in September 30, 2014.

Review and Dispute Overview (Cont.)

- Any data that is timely disputed, if not corrected by the reporting entity, will still be made public but will be identified as disputed
- **CMS will not mediate disputes between physicians/teaching hospitals and reporting entities**
- You may dispute or affirm any record that appears in your Open Payments view
- Visit the “Dispute and Resolution” page of the [Open Payments website](http://go.cms.gov/openpayments) (<http://go.cms.gov/openpayments>) for more information

The table below contains only the records reported for the selected physician during the selected program year. The list is organized by reporting entity, including reporting entities that reported made payments or other transfers of value to the physician, and reporting entities in which the physician has ownership or investment interests.

Only records that have been attested to by reporting entities will be displayed. Records that have not yet been attested to or are still being processed by a reporting entity will be made available for review only after attestation has been completed.

Please note: There is a horizontal scroll bar below the table, for you to use to view more columns in the table. Use the filtering tools below to customize your view of the disputed records.

To take an action related to a disputed record, select the check box in the first column of the table (next to the Entity Making Payment column). You may then perform the following actions on the selected record(s):

- Select "Affirm Record" to confirm the payment or other transfer of value, or ownership or investment interest.
- Select "Dispute Record" to dispute the payment or other transfer of value, or ownership or investment interest. You will need to provide a reasonable explanation for your dispute of the record.
- Select "Withdraw Dispute" to acknowledge that the physician is no longer disputing the record.

To return to the previous page, select "Back."

Review and Affirm Overview

- Physicians and teaching hospitals may review and affirm records associated with them
- Affirmation of records means that the physician or teaching hospital confirms that the information captured in the record is correct
- Affirming records is optional
- Records not affirmed by the physician or teaching hospital will still be published on the public-facing website

Review and Affirm Overview Process

1. Log into CMS Enterprise Portal (<https://portal.cms.gov>)
2. Select Open Payments
3. Select “Review and Dispute” Tab
4. Select the Teaching Hospital or Physician and Program Year
5. View Records and Select Records to Affirm
6. Review Records Marked for Affirmation and select “Affirm Records”

Use the [Open Payments User Guide](#) and the [Quick Reference Guide](#) for on how to accept/reject a nomination.

Reminders for Reviewing and Affirming Records

- Make sure you have:
 - Registered in EIDM
 - Successfully registered in the Open Payments system
- Physicians or physician authorized representatives may affirm records
- Physician authorized representatives must hold the “Dispute Records” access level to affirm, review, and dispute records
- Authorized officials and authorized representatives for teaching hospitals have the same access levels and all may affirm records
- Records that have been affirmed can still be disputed at any time

Initiating Disputes Overview

- Physicians and teaching hospitals will have 45 days to initiate disputes for those disputes to be included in Sept. 2014 data publication
- Once a dispute is initiated, the reporting entity will receive an email notification
- The reporting entity may acknowledge the dispute in the Open Payments system
- The physician or teaching hospital will receive an email notification if the dispute has been acknowledged by the reporting entity
- The dispute status can be viewed in real-time on the Review and Dispute screen in the Open Payments system

Review and Dispute Record Statuses

- Initiated – The dispute has been initiated by the physician or teaching hospital
- Acknowledged – The dispute has been acknowledged by the reporting entity
- Resolved No Change – The reporting entity and physician or teaching hospital have resolved the dispute in accordance with the Final Rule and no changes were made to the disputed record
- Resolved – The dispute has been resolved by the reporting entity with updates made to the record
- Withdrawn – The dispute has been withdrawn by the physician or teaching hospital

Review and Dispute Record Process

1. Log into CMS Enterprise Portal (<https://portal.cms.gov>)
2. Select Open Payments
3. Select “Review and Dispute” Tab
4. Select Physician or Teaching Hospital and Program Year
5. View Records and Select Records to Dispute
6. Review Records Marked for Dispute, Enter Dispute Reason and Select “Send Dispute”

Use the [Open Payments User Guide](#) and the [Quick Reference Guide](#) for on how to accept/reject a nomination.

Resolving Dispute Overview

Reporting entities can resolve disputes in one of two ways:

1. The dispute can be resolved with no changes made to the disputed record
2. The dispute can be resolved with updates made to the disputed record

Resolving Dispute Overview (Cont.)

- Physicians and teaching hospitals receive email notifications if a record they disputed is modified by the reporting entity or if the reporting entity identifies the dispute as resolved without having changed the record
- If the physician or teaching hospital believes that a dispute with a status of “Resolved” has not been sufficiently resolved, they may initiate another dispute on the same record

Resolving Dispute Overview (Cont.)

- **CMS will not mediate disputes between physicians/teaching hospitals and reporting entities**
- Reporting entities, physicians, and teaching hospitals should work outside of the Open Payments system to resolve disputes
- If a dispute is resolved by re-assigning a record to another physician or teaching hospital, the record will no longer appear in your view.

Withdrawing Dispute Overview

- Physicians and teaching hospitals can withdraw disputes
- A dispute can be withdrawn after it has been initiated or acknowledged
- The reporting entity will receive an email notification when a dispute has been withdrawn

Withdrawing Dispute Process

1. Log into CMS Enterprise Portal (<https://portal.cms.gov>)
2. Select Open Payments
3. Select “Review and Dispute” Tab
4. Select Physician or Teaching Hospital and Program Year
5. View Records and Select Records to Withdraw
6. Review Records Marked for Withdrawal, and Select “Withdraw Disputes”

Use the [Open Payments User Guide](#) and the [Quick Reference Guide](#) for on how to accept/reject a nomination.

Reminders for Withdrawing Disputes

- Make sure you have:
 - Registered in EIDM
 - Successfully registered in the Open Payments system
- Physician authorized representatives must hold the “Dispute Records” access level to withdraw disputes
- Authorized officials and authorized representatives for teaching hospitals do not need additional access to withdraw disputes

Frequently Asked Questions

FAQ

- Question: What if I dispute something and the manufacturer doesn't fix it? Will the data still be made public?
- Answer: Yes, if a dispute is lodged, but not resolved by the manufacturer, it will still be made public in the Sept 30th release; however, it will be marked as disputed.

FAQ

- Question: Can I update my own data to fix a dispute, or does the manufacturer have to do that?
- Answer: No, the physician or teaching hospital cannot update the actual payment record data, as that is submitted and legally attested to by the manufacturer. The covered recipient can, however, dispute and provide comments regarding the dispute which are sent to the manufacturer to aid in its resolution. All disputes, not resolved are made public but marked as disputed.

FAQ

- Question: Can I continue to dispute data after the 45-day window closes? If so, will this get into the September release?
- Answer: Yes, the covered recipient may dispute data at any time. However, any disputes lodged after the 45-day window will not be part of the September release. They, and any subsequent corrections to resolve the disputes would be reflected in the next annual publication of the data, anticipate in early 2015.

FAQ

- Answer: Can I delegate the disputing actions to my office manager?
- Question: Yes, you may nominate a delegate (authorized representative) to act on your behalf to lodge disputes. You must, however register in the Open Payments system first and nominate them, or accept their own self nomination.

FAQ

- Question: Will disputed data be made public?
- Answer: Yes, data which is still in a disputed status will be made public on the publication date, but marked as disputed.
