Within the transcript, we have identified a place where we feel clarification is needed.

On *Page 20* of the transcript, a caller asked “If a GPRO already self-nominated in January, do they still go through these steps to modify their accounts to – or not?”

CLARIFICATION: If you already self-nominated, then you do not need to register in the PV-PQRS Registration system, unless you want to change your 2013 PQRS reporting mechanism, or if you’re in a group of 100 or more eligible professionals and you want to elect quality-tiering to calculate the Value-based Payment Modifier. In either case, you will first have to modify your existing IACS account and add the appropriate PV-PQRS group role. Then, you will be able to access the Registration System between July 15 and October 15, 2013 in order to change your 2013 PQRS reporting mechanism and/or elect quality-tiering (if applicable).
