## Activity Information

### Activity Description:

This MLN Connects™ National Provider Call provides an overview of the 2012 Quality and Resource Use Reports (QRURs), including a review of the December addendum and how to interpret and use the data in the report.

On September 16, 2013, CMS released the 2012 QRURs to group practices with 25 or more eligible professionals (EPs). The QRUR previews each group's performance on quality and cost measures that could be used to calculate the group's Value-Based Payment Modifier in 2015. On December 23, 2013, CMS released an addendum to the 2012 QRURs to include individual eligible professional (EP) PQRS performance data. The addendum will be available for all group practices with 25 or more EPs for which at least one EP reported PQRS measures as an individual in 2012 and was found to be incentive eligible.

### Target Audience:

Groups with 25 or more eligible professionals

### Learning Objective:

By the end of the presentation, participants should be able to identify the components of the 2012 Quality and Resource Use Report (QRUR).

By the end of the presentation, participants should be able to recognize the information included in an Individual Eligible Professional (IEP) PQRS Performance Report.

### Participation:

Register for the teleconference, participate in the teleconference and access and complete the assessment and evaluation, per the [Instructions for Continuing Education Credit](#), at the end of this document.

### Speaker Bios & Disclosures:

No one in a position to control the content of this activity has anything to disclose. The planner/developer of this activity has signed a disclosure statement indicating that he has no relevant financial interests. This activity was developed without commercial support.

**Michael Wroblewski**, developer/presenter, is currently the Director of the Division of Value-Based Payment within the Center for Medicare. He oversees teams to implement value-based purchasing for physicians and hospitals so that Medicare rewards value rather than volume. As part of these responsibilities, he also directs the program that provides feedback reports to physicians about the quality of care furnished compared to cost for Medicare beneficiaries. He also is overseeing the development of the patient experience of care survey that will be used in the Medicare Shared Savings Program and in the Physician Quality Reporting System.

Prior to joining the Centers for Medicare & Medicaid Services (CMS) in February 2011, he directed the Federal Trade Commission's effort to study competition issues in the health care and pharmaceutical industries from 1998-2006 and from 2008-2011.

In 2007 and 2008, Wroblewski worked at Consumers Union, the non-profit publisher of Consumer Reports, in which he led a team to research and develop CU's ratings of doctors, hospitals, nursing homes, and insurance providers. Prior to joining the FTC, he was in private practice in the Washington, D.C. offices of Latham & Watkins and of Verner, Liipfert, Bernhard McPherson & Hand.
