CMS Innovation Center  
Special Open Door Forum:  
Introduction to the Medicare Care Choices Model  
Wednesday, April 16, 2014  
2:00pm - 3:00pm (Eastern Time)

CMS will host an Open Door Forum (ODF) call on Wednesday, April 16, 2014 to allow providers, beneficiary advocacy groups, and other interested parties to learn more about the Medicare Care Choices Model. The Medicare Care Choices Model will provide a new option for Medicare beneficiaries to receive palliative care services from certain hospice providers while concurrently receiving services provided by their curative care providers. CMS will evaluate whether providing hospice services can improve the quality of life and care received by Medicare beneficiaries and increase patient satisfaction via this model of care.

Materials to be discussed during the call will be available for downloading from the model website (<http://innovation.cms.gov/initiatives/Medicare-Care-Choices>) prior to the Open Door Forum taking place.

We look forward to your participation.
