Special Open Door Forum:
Discussion of the Medicare Intravenous Immune Globulin (IVIG) Demonstration
Friday, November 22, 2013
1:00 – 2:30pm Eastern Time

CMS will host a Special Open Door Forum (ODF) call on November 22, 2013 to allow providers, suppliers, beneficiary advocacy groups, and other interested parties to provide input into the design and implementation of the Intravenous Immune Globulin Demonstration (IVIG) Demonstration. Mandated by the “Medicare IVIG Access and Strengthening Medicare and Repaying Taxpayers Act of 2012 (P.L. 112-242)”, the purpose of this demonstration is to evaluate the impact of providing payment for items and services needed for the in-home administration of IVIG for the treatment of primary immune deficiency disease (PIDD). The demonstration will provide these benefits for up to 4,000 Medicare beneficiaries for a period of three years.

Materials to be discussed during the call will be available for downloading from the demonstration website (<http://innovation.cms.gov/initiatives/IVIG/>) no later than November 15, 2013.

We look forward to your participation.

Call in information:
Participant Call in #: (866) 501-5502;
Conference ID #: 93086462.

Note: TTY Communications Relay Services are available for the Hearing Impaired. For TTY services dial 7-1-1 or 1-800-855-2880. A Relay Communications Assistant will help.
